THIRTY-SIXTH YEAR

LIMA, OHIO, MONDAY, APRIL 11, 1921

PRICE THREE CENTS

FAKE TAX MEN COLLECT FROM LIMA PEOPLE

Pasquale Treglia, Laborer, Swindled Out of \$82.40 by Smooth Strangers, Who Represented that Tax on His N. Jackson-st Property was Delinquent

Game Tried on Others, but Failed—Receipt Given for Money Collected by Charles Dennis—Foreigners Only Approached

In at least one instance, according to information received Monday morning by Allen-co Treasurer, Lehr E. Miller, clever swindlers succeeded in collecting money from a Lima property owner, as delinquent taxes, Saturday.

Pasquale Treglia, a laborer, 707 N. Jackson-st, brought to the treasurer's office Monday a receipt given him by a swindler representing himself to be Charles Dennis, Deputy Tax Collector No. 17, for \$82.40 which Treglia paid on Dennis' representation that the amount was due as back taxes for 1918, 1919 and 1920.

TREGALIA PAYS \$82.40

Dennis told Treglia that his property should be on tax duplicate for \$1,000, instead of \$1,050 and that his property was in danger of confiscation. When told that he could settle for less money than it would cost him at the office of the county treasurer, Treglia handed over \$82.40.

The fake tax collectors are young men, well dressed and both wore badges of some sort, flashed as an insignia of office. They worked industriously Friday and Saturday, informing those from whom they failed to collect money that they must report at the office of the county treasurer Monday.

The swindle was not disclosed until property owners who had been approached by the strangers began to come in.

TWO MEN KILLED BY TRAIN AT OTTAWA SUNDAY

OTTAWA — (Special) — Clint Bird, veterinarian and Harry Giesken, young farmer, met instant death here at the Second-st crossing of the D. & O. railroad Sunday at 12:55 a. m., when a north bound passenger train struck an automobile in which they were riding.

BIRD IS MANGLED

Bird was instantly killed. His head was crushed and his body mangled beyond recognition. Giesken received a fractured skull, broken shoulder and internal injuries and died at 7:30 p. m. at the home of Joseph Leopold nearby, where he had been removed. Bird's body was taken to the Heringhaus & Pope undertaking establishment, to be prepared for burial. The auto was totally demolished.

GOING TO AID OF SICK COW

Giesken, aged 22, was a son of County Commissioner Frank Giesken. He came to Ottawa to secure the services of Dr. Bird to care for a sick cow at the Giesken farm. They stopped at the gasoline station on Second-st for a supply of gas for the auto and had just started for the Giesken farm when the accident occurred.

Bird met with a similar accident at Columbus Grove two years ago, when he and his wife were driving to Lima. Both were injured at that time, but not seriously. He is survived by his wife, a son and one married daughter, residing in Lima.

SUPREME COURT DARING ROBBERY RECONVENES IN WEST END

Important Cases Before Highest Tribunal for Disposal

WASHINGTON — (By Associated Press) — Reconvening today after two weeks' Easter recess, the supreme court entered upon a solid month of argument of cases which will conclude the "October term, 1920."

Following the custom of many years the court will suspend arguments about the middle of May and will convene publicly not more than twice thereafter, on decisions days, before adjourning sine die June 13 or 20.

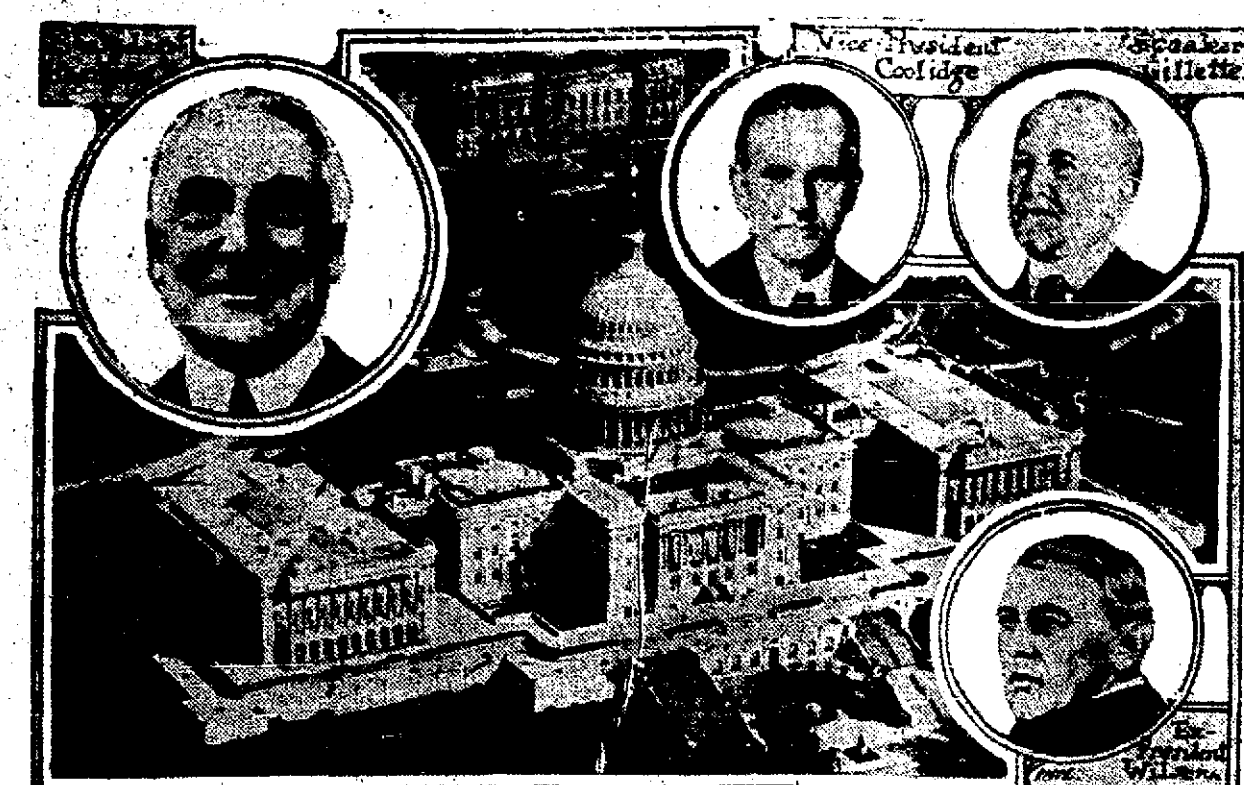

Several cases of national importance were listed on the "possible" list of decisions today. These included the appeal of Senator Truman H. Newberry, from conviction under the corrupt practices act; the New York-New Jersey suit over the Passaic Valley sewerage system; Arkansas, Mississippi boundary case; North Dakota-Minnesota indemnity case; two cases involving the right of organized labor to picket during a strike, and liability of a national for damages caused by a strike and the "Child Labor case."

Arguments are scheduled for this week in the suit brought by Georgia banks to prevent alleged coercion by the Federal Reserve Bank of Atlanta, Ga.; the government's appeal in the Western Union case, involving the right of that company to complete its lines to Miami, Fla., without official permit, and a re-argument of the American Hardware case, which is a suit to prevent an alleged illegal combination of lumber dealers.

BEATEN TO DEATH

CLEVELAND — Wong Lee was found beaten to death in his laundry here early today. His cash drawer had been rifled. It is believed the crime was committed during last week.

NATION'S LAWMAKERS IN ACTION

EX-EMPRESS OF GERMANY DEAD

Former Kaiserin Dies of Heart Disease, in Holland

NEVER KNEW OF SON'S DEATH

Not Told of His Suicide—Funeral Services Tomorrow

DOORN, Holland — (By United Press) — The former empress of Germany, Augusta Victoria, died here at 6 a. m. today.

Warned by the long illness of the kaiserin, most members of her family were at Doorn when death occurred.

The empress was a victim of heart trouble. The illness was aggravated by worry of the world war and the kaiser's flight into Holland in the fall of 1918.

FRAGILE ATTACKS

Attacks of her fatal malady occurred at frequent intervals, each sapping her vitality and nullifying the measures taken by specialists to restore her health.

When her son, former Prince Joachim, committed suicide in Berlin last July, she was in such serious condition that the news of his death was kept from her for a long time and it is said she never learned her son killed himself.

The funeral will be held at Potsdam where the empress reigned for 40 years. The body will be taken there Wednesday after brief preliminary services here tomorrow.

Only members of the family will attend the ceremonies in the chapel here.

It has not been decided as yet whether the ex-kaiser can accompany the remains to Potsdam. It would be his first visit there since 1918. Others of the family will make the journey.

SKETCH OF HER LIFE

Born in exile, Princess Victoria of Schleswig-Holstein, died an ex-patriate, at the age of 63.

She was born October 22, 1858, before the German Empire had become solidified and while her home country was still at war.

Its union with the German empire became complete when on February 27, 1881, she married Wilhelm, the crown prince.

Wilhelm II succeeded to the throne March 9, 1888.

During the time the emperor was building up the empire, preparing for the great campaign to extend his territories, the kaiserin devoted herself to her home. Her chief claim to fame was her ability as hausfrau.

She never aspired to shine in court festivities. Her husband calmly said of her: "The poor dear is such a trumper."

She delighted in supervising the household affairs of the kaiser's magnificent establishments.

Another delight was her seven children.

These were the Crown Prince Friedrich-Wilhelm, Eitel Friedrich, Adelbert, August Wilhelm, Oscar, Joachim, and Victoria Louise.

The constant warfare between the crown prince and the emperor caused her much worry and she spent much time in attempting to reconcile their many differences.

During the war she was thrown into the background by her resplendent husband. She was said to grieve genuinely over the suffering caused by the war and did a great deal to comfort those who lost relatives. She contributed much to the German Red Cross and did some hospital work.

OHIO FRUIT HARD HIT BY FREEZE

Crop Badly Damaged as Temperature Drops to 26

COLUMBUS — (By Associated Press) — With the temperature dropping to 26 above zero here early this morning, weather bureau officials, while without definite reports as yet, were positive that severe damage to fruit and crops must have resulted from last night's freeze and frost.

Horticulturists and orchardists expressed fear today that much of Central Ohio's fruit that escaped killing frosts a week ago fell victim to last night's blight.

"The damage will be very heavy and all varieties of fruit will suffer," said Professor Wendell Padlock, head of the department of horticulture and forestry at Ohio State University.

General use of orchard heaters and smudge pots was reported in Central Ohio by large commercial fruit growers.

Reports from over the state indicate that freezing temperatures were general last night. Ottawa-co fruit growers, according to word received here, believe that almost peach trees have been in full blossom for the past week, the crop was not seriously damaged. Reports from various sections indicate that a temperature of nearly 30 degrees was reached at most points in the peach belt.

REPORTS OF DAMAGE

WOOSTER — Horticulturists at the Ohio Experiment Station here feared today that the cherry, plum, pear and peach crops in northern and central Ohio were almost wholly destroyed by the cold weather and heavy frost last night.

LORAIN — Frost did \$800,000 damage, it was estimated this morning, to apple, peach and pear orchards in Lorain county last night. Cherries and plums were blighted in a freeze ten days ago.

YOUNGSTOWN — Fruit in the Mahoning valley was virtually ruined yesterday by a temperature of 26 degrees, preceded by rain and sleet and followed by a bright sun, according to orchard owners' reports today. The loss in Mahoning, Columbiana and Trumbull counties runs into millions, it is estimated.

SPRINGFIELD O. — Clarke-co fruit growers estimate the "damage" caused to crops in this county by the frost at approximately \$100,000. It is said that about half of the crop is ruined.

STRIKE COSTS 16 MILLIONS A WEEK

Britain Paying This Sum Because of Miners' Walkout

PEACE PARLEYS ON TODAY

Differences, However, Are Still Acute, Reports Say

LONDON — (By Associated Press) — British mine owners and their striking employees conferred for an hour at the board of trade this morning on a possible settlement of the controversy which led to the miners' walkout last week.

The conference adjourned at noon until 4 o'clock this afternoon. Robert S. Horne, chancellor of the exchequer presided.

The London Times today warned its readers against expectation that the negotiations would proceed smoothly, or that work would be immediately resumed as the fundamental differences between the parties still remain acute.

COST OF STRIKE

Estimates of the cost of the miners' dispute to the country, including the loss of unmined coal, unpaid wages, decreased railway traffic and the cost of emergency measures place the bill which the country is paying, because of the strike, at nearly 16,000,000 pounds per week.

Leaders of the "triple alliance" of labor viewed the situation today as being considerably improved. John Robert Clynes, chairman of the parliamentary party being quoted as saying he was satisfied a solution of the problem could be found.

LABOR'S CLAIMS

The Daily Herald, organ of labor, declared "the first round has been won by labor," adding that reports of rail men opposing the strike were untrue or grossly exaggerated.

Information has reached the government, says the London Times, that everywhere but in Fife-shire the miners are observing instructions from their officials not to interfere with safety measures and pumping, which have already been begun in South Wales and elsewhere.

U. S. NOTE DOESN'T PLEASE JAPAN

Need of Another Peace Conference Seen at Tokio

TOKIO — (By Associated Press) — Newspapers of this city have given great prominence to the note from Charles E. Hughes, American secretary of state, to the allies relative to the subject of mandates in general and that over the Island of Yap in particular. There has been no official comment, but in responsible unofficial circles the opinion is held that the American note virtually implies another peace conference.

Statements made by Vice Admiral Tomosaburo Kato, minister of marine, last month relative to the Japanese naval policy are regarded here as intended to answer charges that Japan is incurably militaristic and is insisting upon naval expansion. These statements which were made to the Associated Press are also looked upon as paving the way for an international discussion of naval policies. The representative Japanese declare that if the naval race between Great Britain and the United States continues Japan must be obliged eventually to drop out because of financial considerations. If the other powers refuse to curtail their naval programs and decline to discuss the matter, the government is liable to lose the support of the nation which is clamoring for internal reforms.

LIMA MAN LOSES

Announcement Monday at the White House of the appointment of Colonel Edward H. Shaughnessy of Chicago as second assistant postmaster general of the post office.

Until the announcement was made, it appeared that A. Kershaw, N. Charles-st, was favored for the place. He had the backing of Senator Frank B. Willis as well as a number of other powerful political influential persons. Kershaw is chief mail clerk on the Pennsylvania between Pittsburgh and Chicago.

Nothing is known here of Col. Shaughnessy. His appointment came as a surprise.

CITY RECEIVES BIDS ON STREET MATERIALS

Bids were received on street repair materials at the office of Service Director Elmer McClain yesterday noon.

The Kentucky Rock Asphalt Co. of Columbus, bid \$16.12 1-2 per ton on 105 tons, or two car loads, of natural rock asphalt.

The Barrett Co. of Cleveland, bid 24 1-4 cents, per gallon on 4,000 gallons of tar cut block and 23 1-4 cents per gallon on 20 barrels of tar binder.

No bids were received on 20 tons of petroleum asphalt.

Service Director McClain announced that the contracts will be awarded later in the afternoon to the firms that bid.

ALLEGED BLACKMAILERS TAKEN AT YOUNGSTOWN

YOUNGSTOWN — Mike Altatto and Tony Marino, arrested after detectives, thru a window, had watched them accept \$350 for which they had blackmailed. According to police, that they had written letters demanding \$1,000 on penalty of death, and had compromised for \$350. The money, in marked bills, was found in their pockets.

CONGRESS IS ASSEMBLED AT HARDING'S CALL

First Session Under Republican Administration In Decade, Gets Under Way—Organization of Both Houses Is Effected

Lower Branch Flooded with Bills as Solons Convene—President to Deliver His Message to Lawmakers Tomorrow In Person

WASHINGTON — (By Associated Press) — The sixty-seventh congress assembled promptly at noon today at the call of President Harding for its first session, expected now to continue probably until fall.

Except for the reorganization of the house and the usual flood of bills there, today's meetings were somewhat perfunctory, the congress marking time until the receipt tomorrow of President Harding's first message outlining his views as to the many important problems before the national lawmakers.

This congress is the first controlled by the Republicans to meet under a Republican administration in a decade. The senate previously had been organized at its special session which began last March 4, but the house proceeded to its organization by re-elected Frederick H. Gillett, of Massachusetts, over Claude Kitchin, of North Carolina, the Democratic candidate. The vote was on strictly party lines and Mr. Gillett was elected by an overwhelming majority.

LEADERS CHOSEN

Frank W. Mondell, of Wyoming, was re-elected Republican leader, while Representative Kitchin became the Democratic leader by virtue of his nomination for the speakership. He succeeds the late Champ Clark.

nearly all of the 435 members were present for the opening. The crowded house galleries broke into applause when Miss Alice M. Robertson, Republican of the second Oklahoma district, the only woman member of congress, came on the floor. She carried a bunch of red roses.

Miss Robertson was one of the more than 100 new members, most of the Republicans, who answered the first roll call. Most of them stood in groups behind Speaker Gillett when he took his place to be sworn in.

Fully a thousand bills and resolutions, many of which failed to get thru the last session, were thrown into the hopper long before the house got under way. There was no peace resolution in the lot, this time held back to await the views of President Harding.

FEW PROBES SOUGHT

Right at the top of the list of bills was the Fordney emergency tariff, vetoed by Mr. Wilson, but brought in under another name, precisely in its old form except with a stipulation making it effective six months instead of ten. It will be called up Wednesday under a Republican program providing for its passage, probably by Wednesday night.

Unlike the opening of the last congress there were few investigation resolutions. The Kahn resolution for investigation of the escape of Grover Cleveland Bergdoll, the Philadelphia draft dodger, now in Germany, was in the hopper at noon.

Because of the large number of Republicans in both the house and senate, it was necessary to establish so-called "Cherokee strips" in each house between the Republican and Democratic sides, the overflow of Republican members being seated in these strips.

HARDING PREPARES MESSAGE

While congress was assembling today in special session President Harding denied himself to callers and worked on the message he will deliver tomorrow in person to a joint session of the senate and house.

Altho Monday usually is an open house day for those who have business with the chief executive, today's appointment list showed only one item. It was an engagement for the president to go to the Pan-American building late in the afternoon to attend the opening of a special direct telephone wire between Washington and Havana, Cuba.

For many years Mr. Harding has prepared his speeches and other documents in long hand and he is following this custom with his message, writing with a lead pencil and turning the finished product over to stenographers to copy after carefully reviewing it.

It was indicated that the message would not be complete until tonight or possibly tomorrow morning.

BARN IS BURNED; \$15,000 LOSS

Live Stock Incinerated on Farm of H. A. Schwieterman

CELINA — (Special) — Fire, of unknown origin, at 2:30 a. m. Monday destroyed a large bank barn on the farm of Henry Schwieterman, two and a half miles west of Chickasaw, near here, with all contents, nearly a \$15,000 loss, with only partial insurance.

The barn was valued at \$5,000 and is completely razed. Other losses include: Eight head of horses, valued at \$1,200; 16 young cattle, \$1,500; 1,100 bushels of wheat and 1,000 bushels of oats, \$1,800; two autos, one a new Buick valued at \$2,000, the other a Ford, threshing outfit, \$2,500; hay and implements, \$500.

When discovered, the fire had progressed to such a point that saving the structure or contents was impossible.

FRUIT IS DAMAGED

County Agent Says Allen-co Hit Hard by Frost

PEACH COBBLER, made with Allen-co peaches, will be a scarce article this year if all indications are correct. The heavy frost and freeze Sunday night killed practically all of the buds now out, it is believed.

L. S. Van Natta, county farm agent, stated Monday that, while he had not made a personal investigation of the damage done, he feared that the peach, plum, pear, and a large part of the cherry crop had been severely injured by the late frost.

The apple buds and a part of the cherry buds were not far enough advanced to be hit as hard as the rest was his belief.

"This is one of the latest and hardest freezes I can remember," said Van Natta. "A number of years ago we had one in June that hurt the corn and other crops a great deal but did not entirely destroy the crop."

"Wheat and rye were not far enough advanced in this county to be affected to any great extent by the frost last night."

OKLAHOMA WINS SUIT

WASHINGTON — Oklahoma, by a decision of the supreme court, today won its suit against Texas over the title to oil lands in the Red River Valley, with an estimated value of \$100,000,000 to \$150,000,000.

The United States government intervened in the case in behalf of the Indians, backing the position taken by Oklahoma and claiming land in the bed of the river as public domain. Its claim was sustained.

INJURIES FATAL TO M'CREARY

Limbs Mangled 11 Days ago, He Dies at Hospital

Herbert McCreary, 32, vocational instructor at South and Central High schools, died at the City hospital early Monday morning, after suffering for 11 days from an injury which necessitated the amputation of his right limb.

McCreary, while seeking students for the new school for the unemployed, at the Lima locomotive works, climbed upon a lot of B. & O. cars. A switch engine moved the cars and threw McCreary under the train. Both legs were horribly mangled.

It was the consensus of surgeons that he would live and his recovery seemed possible. A change in his condition brought about death at 2:30 o'clock Monday morning.

McCreary was born April 1, 1889, in Preble-co, son of Mr. and Mrs. J. R. McCreary. He came to Lima in February and took up vocational training in the public schools. He is a graduate of Ohio State university and according to Superintendent J. E. Collins of the public schools, was one of the brightest men who ever taught vocational subjects here.

He is survived by a widow and four children, who reside at 733 W. Wayne-st. The body will be taken Monday afternoon at 4:30 o'clock over the B. & O. to the home of his parents. Funeral services will be held Wednesday. Interment will be in Hopewell cemetery, near Oxford.

PRESBYTERY HELD Seeks Death AT DELPHOS In Electric Chair, Fails

Spring Meeting in Session Monday and Tuesday

CHOOSE NEW MODERATOR

May Electrify Ottawa Water Works—Delphos News

DELPHOS — (Special) — An important religious meeting is being held at this city Monday and Tuesday. The Presbytery of Lima is holding its session at the local Presbyterian church. A service for the public will be held Monday evening, and a sermon by Rev. Frantz, Van Wert. A business session will begin at 8:30 Tuesday morning and last through the day. A new moderator will be selected at this meeting.

Ministers will be in attendance from Findlay, Bluffton, Rockford, Van Wert, Rockport, Middlepoint, Lima, Columbus Grove, St. Marys, Sidney, Ada, New Stark, Goma, Kaidia, Lelpic, Ottawa, Van Buren, and Wapakoneta.

A firm of engineers employed by the Northwestern Ohio Light Co. of this city, at the request of Ottawa, have submitted plans showing the approximate cost of electrifying the waterworks plant in that village. They made their decision after a 6-day test-run. The company has advised the village to get along as best they can with their present equipment until the costs of materials are considerably lower than at present.

The following committee has been appointed from the Delphos Community Club to co-operate with the American Good Roads movement to be held April 15: John G. Miller, chairman; Clarence J. Leitch, Carl A. Lindemann, Mark Beckman, J. H. Lange, John H. Jenkins and Frank Scheigler.

Letters are being received daily by Superintendent Hugh R. Hick of the Delphos public schools asking that the Northwestern Ohio Oratorical contest, which was called off at the village of L. Fayette because of the inability of the town to care for visitors, be held in this city since the local high school took second honors in the 1920 contest.

The local contest to decide the Delphos representative will be held April 15 and if the state contest is held here, which is quite probable, it will be here on April 23.

Miss Marcella Lauer, daughter of Mr. and Mrs. Alex Lauer of this city, was married to Charles Diebling of Toledo.

Putnam co farm agent Glenn K. Rule, thru the farm bureau, is making arrangements for the purchasing of corn from an elevator to the amount of \$71,560 for the benefit of the European relief fund. The corn is being donated by farmers, who are aiding the cause. The corn will be shipped, freight free, to Toledo, the collecting point from this district.

Miss Mary Lincoln, of Lima, was married to William A. Mox, daughter of Ambrose Mox of this city, by Rev. A. E. Boeger, of the First Lutheran church. They will make their home in this city.

J. E. East of this city, will make the annual inspection of the Royal Arch Masons of Van Wert Tuesday evening, as Deputy from this district, representing the Grand Chapter of Ohio. The work will begin at 1:00 in the afternoon, followed by a banquet at 6 P. M.

Mrs. J. R. Sneyal, mother of Mrs. Glenn Schirder, of this city, passed away at her home in Van Wert, at the age of 57. Four children survive.

Because of a sprained ankle, received in the second game of the season, Foster Spellman, captain and star player on the Delphos high school baseball team, will be unable to play for some time. Everett Wells succeeds him as captain. The next game will be with Van Wert.

FIRST GOAT TO DIE FROM INDIGESTION

CHICAGO — Billy was only a whiskered goat of questionable antecedents, but his name will go down in history as Billy, the first goat known to succumb to indigestion.

Billy wandered away from the home of his master, J. Porter. Several hours later he returned dazed. An orgy of handbills, tomato cans and old shoes had proved too much for him.

Roy Harris and Miss Harris

BUFFALO, N. Y. — (By United Press) — One of the most elaborate attempts at "suicide" in police annals was to be formally concluded today with the arraignment of Roy Harris, who says he confessed to the murder of Joseph B. Elwell, so the state might electric him.

Harris will be brought into court on a charge of suspicion of murder and discharged, according to Police Chief Higgins.

The charge of forgery upon which Harris was originally arrested for the authorities of St. Catherine, Ont., will also be dropped.

Harris' reputation of his confession came late yesterday, after a grilling by New York and Buffalo officials. He explained that he was in disgrace with his family, that he had caused endless misery for his wife and child and that he hoped to end his life in the electric chair.

ONE GOOD TURN DESERVES ANOTHER

KANSAS CITY, Kan. — The lure of baseball softened the iron heart of justice here in the City Court. Roy St. John, who played in several Pacific Coast leagues, appeared before the judge on a disorderly charge.

"I told you several days ago that you had better be using some of that alcohol externally for spring training, instead of internally," Judge Herrod told St. John.

"You must stop it, but I don't want to be hard on you because of the many thrills you gave me on the baseball field. I'll fine you \$10, give you a stay of execution if you will promise to get out of town," St. John promised.

BIRTH RATE INCREASES DURING HOT SEASON

PARIS — The weather has more to do with a nation's birth rate than almost any other factor, declares Dr. A. Magelsen, noted Norwegian physician, in a leading article in the current number of Paris Medical.

Abnormally hot weather is certain to increase the birth rate, says Dr. Magelsen, and he presents an interesting number of weather and birth rate charts, collected during a study lasting more than twenty years. Conversely, a mild summer, following a mild winter, brings fewer babies.

Some of the Norwegian doctor's statistics were gathered in France and the United States. He points out that neither New York nor Paris can be taken as criterions because both cities have large foreign populations not yet acclimated and therefore not so directly affected by weather changes.

WORLD NEWS

MARION, O. — Delegates to Ohio Typographical Conference expressed sentiment on part of local unions to support international officers in their insistence on establishment 44-hour week in commercial shops.

CLEVELAND — Cracksmen who overpowered watchman took \$9,000 from safes in downtown theatre and restaurant.

IRONTON — Plant of Ironton Stone Manufacturing Company destroyed by fire with loss of \$125,000 to \$150,000.

MILLERSBURG, Ohio — Body of James W. Hull, former postmaster, found in Killbuck river with large piece of coal tied round the neck.

CINCINNATI — Louis F. Moller dead and three companions injured as result of their automobile colliding with street car.

AKRON — Woman killed and three others injured in auto crash.

WASHINGTON — Earthquake lasting one hour and estimated at 1800 miles from Washington, probably in Central or South America, recorded on Georgetown University seismograph.

WASHINGTON — General sales tax advocated by Senator Smoot in statement in which he announced he would introduce a bill to that end in the senate Tuesday.

PARIS — Former President Poincaré expressed satisfaction over appointment of Myron T. Herrick as ambassador to France.

WILLIAMSON, W. Va. — Second Matewan battle case not to be tried until July term of court.

WASHINGTON — Railroads of U. S. suffered deficit in February of \$7,205,000, according to Association of Railway Executives.

NEW YORK — J. Daley Fiske, president of Metropolitan Life Insurance Company said some railroads are making mistakes in their attitude opposing conference with employees.

WOMAN HELD ON THEFT CHARGE

Accused of Passing \$10,000 Worthless Check in New York

NEW YORK. — (By United Press) — The police were making efforts today to determine the identity of a woman who described herself variously as Miss Harriet Pendleton Hunt, Miss Brown and "a married woman" arrested yesterday on a charge of passing a worthless \$10,000 check.

The woman, who is 35, is held on a charge of grand larceny on the allegation of W. E. Hutton and Company, brokers, that she gave them a worthless check on a Cincinnati bank in payment for ten \$1,000 Liberty bonds. The police, who found her in a hotel said they discovered nine bonds and \$752.90 in cash which she had left from the sale of one of the bonds.

At first, the woman said she was Miss Hunt, was related to prominent families in Cincinnati, and was a writer. Then she said she was a piece of Francis K. Pendleton, former supreme court justice, here. He said he was distantly related to a woman of the name she gave, but had never seen her. At one time, while calling herself Miss Brown, she said she had become involved with a New York millionaire, and that he had then deserted her.

MUNDELIN MAY SUCCEED GIBBONS

Chicago Archbishop Expected to be Appointed Cardinal

ROME — (By United Press) — Archbishop George W. Mundelin, of Chicago, was looked upon today as a possible successor to the late Cardinal Gibbons.

It was stated authoritatively at the Vatican, that the new cardinal will be selected from list of six American archbishops. Cardinal Gibbons was known to have a preference to a certain archbishop and his wishes were known here. It was stated, however, that the new prelate will be selected entirely on merit and not as a compliance to the cardinal's wishes.

Among the names unofficially mentioned for the office, in addition to A. Mundelin, are Archbishops Hanna, of San Francisco, Cullen of St. Louis, Moeller, of Cincinnati, Messmer, of Milwaukee, Shaw of New Orleans and Dowling of St. Paul. Auxiliary Bishop Corrigan, of Baltimore, was believed barred from the honor by his advanced age.

TWO PERSONS KILL SELVES AT COLUMBUS

COLUMBUS — Two persons committed suicide here yesterday. They were Frank Herbert, 27 years old, a veteran of the World War, and Mrs. Margaret Lee Woods.

Dependent over health prompted Herbert to hang himself in the cellar of his home. Mrs. Woods swallowed poison. Relatives could give no motive for her act.

HARRY THIN

Harry C. Thew, formerly, 533 E. Main-st., became very ill at his home, 1700 Lakewood-ave., Sunday evening, falling in a faint, in an upstairs room. At St. Rita's hospital, to which he was removed, illness was believed to be due to some article of food, of which he had partaken.

He was able to leave the hospital and return to his home Monday morning. He is much improved.

IT'S A GIRL

Mr. and Mrs. T. R. Schoonover, 8 Jamecon-ave. announce the arrival of a daughter, born Monday morning.

Gluten Flour at Piper's.

RIGHTS SOUGHT AT WOMEN'S MEET

Law Changes Urged at Cleveland Convention

CLEVELAND — (By Associated Press) — There still are some traces of the "old common law theory of the rights of men" in Ohio laws, but on the whole Ohio women are on a firm legal status, as far as their civil rights in comparison to men are concerned, Mrs. Dora Sandoe Bachman, of Columbus, chairman of the committee on uniform laws for women of Ohio, reported today at the annual convention of the National League of Women Voters.

"The women of Ohio have been more fortunate than those of many other states in the fact that the greater part of the discrimination against them, under the laws of this state, arose from the use of the word 'elector' in the constitution and not the word 'male,' as was the case in many other states," said Mrs. Bachman.

"The provision of our law that 'the father of a minor, or, if there be no father, the mother, if a suitable person, respectively, shall have the custody of the person, and control of the education of such minor,' should be changed so as to give the mother, not superior rights, but to place both parents on a plane of equality before the law."

Ohio women, Mrs. Bachman declared, are fortunate, in that they can turn their attention toward legislation looking toward the general good, rather than establishing their own legal status.

TWO MEXICAN GENERALS DESERT FEDERAL ARMY

Bluffton Holdups Drive Finger-foot's Car 230 Miles

MEXICO CITY — Generals Ernesto Aguirre and Benjamin Garza, of the Federal Army, have revolted and joined General Murguía, who is operating against the Government with a band of insurgents in the hills near Saltillo. Loyal troops are pursuing the rebels, who are few in number, according to the Mexican War Department.

AUTO IS CRUSHED, BOYS ESCAPE

Ford Sedan Wrecked by B. & O. Train at Market-st

Oscar Derr, 20, and Milo Derr, 18, of 208 S. High-st., Kenton, escaped with only minor bruises when a Ford sedan in which they were driving was struck by Baltimore and Ohio train at Market-st crossing at one o'clock Monday morning.

Milo Derr escaped without injury. His brother suffered a slight cut on the lip.

The sedan was carried a distance of 50 feet along the railroad tracks and the young men were unable to extricate themselves. When the train came to a standstill, the boys were still in the automobile, but had been given the jolting of their lives.

They were removed to the City hospital, where it was found neither had suffered great injury. Oscar Derr left the hospital at 4:25 Monday morning for his home. His brother, uninjured, accompanied him.

The sedan is a wreck.

AUTO IS DAMAGED BY THIEVES

Bluffton Holdups Drive Finger-foot's Car 230 Miles

WAPAKONETA — (Special) — D. A. Fingerfoot, owner of the Stagers auto that was abandoned on Pearl-st here early last week, came after his property Saturday night. He estimates it will cost about \$1,000 to place it in condition again. Thieves took it Wednesday afternoon and drove a distance of approximately 230 miles, he said. He is inclined to believe that they are the same lads who held up Mrs. George Armstrong near Bluffton on Wednesday and robbed her of \$2. He has no clue to the thieves, he says.

In the neighborhood of 700 heard the benefit band concert given by the Wapakoneta City Band at Brown theater Sunday afternoon. Proceeds will be used to defray expense of open air concerts here during the summer.

O. J. Bessel, receiver for New Bremen Loan Co., filed petition in common pleas court to sell \$37,750 real estate of the company in order to procure funds to pay debts. Company's insolvency amounts to \$19,215.50.

A young and well-dressed stranger passed a spurious check at Shelby-co bank at Botkins amounting to \$160. Check was drawn on Earl Wooddell, stockbuyer.

Bids are being received by City Auditor Heinrich for \$110,000 city bonds. Money will be used for rebuilding of municipal plant and street lighting system.

Examinations for teachers in the county system of schools will be held here Saturday, May 7.

Alleging he gave her only \$10 in the last two months, Mrs. Lola Smith seeks divorce from her husband, Richard, and restoration of her maiden name of Lois Remoth.

In order to afford a better road surface, county commissioners and township trustees have changed material from crushed boulders and gravel to No. 10 washed gravel.

Married: Frederick Butcher, 26; and Norma Fisher, 21.

"CHICAGO WORLD'S CRIME CENTER"

Criminologist Says Thugs Gather There From All Parts.

CHICAGO — Chicago is the crime center of the world, Dr. Hermann M. Adler, noted criminologist, said today.

Dr. Adler who is the state criminologist of Illinois, has just completed a survey of crime with the assistance of authorities in every part of the world.

"Chicago has not yet been cured of its wild and woolly ways," he said. "It is natural that crime should run rampant in the largest city of the middle west, which is comparatively speaking, still a new country."

"Nearly every train brings new criminals to Chicago. It has been so well advertised by mail robbers, boy slayers and the like that it is looked upon as a wonderful field by criminals not only in the United States, but Europe."

Dr. Adler is of the opinion that police departments will soon have to get airplanes to chase criminals who will soon be making their escapes by air.

It isn't the Moron type of person of low intelligence that becomes a criminal, according to Dr. Adler. "It takes a man of a fair degree of intelligence to become a successful criminal," he said.

"Men become criminals for the very reason that it is hard for any of us to live up to the ten commandments. No normal man can resist temptation or suggestion toward evil."

Dr. Adler's survey shows crime is a young man's game. He said most criminals are from 20 to 30 years old.

"When they reach 30, they settle down," he said.

HUNTER CONVICTED OF CONTRIBUTING; FINE OF \$100; 90 DAYS JAIL

Luther Hunter, negro chiropractor, who escaped indictment by the recent Allen-co grand jury, only to be free for a few hours, when he was re-arrested, was found guilty in a hearing before J. H. Hamilton, Juvenile Judge, of contributing to the delinquency of a young girl.

Hunter has been in jail for the past two weeks. He was fined \$100 and costs by the court and sentenced to serve three months in the county jail.

Case of Hunter was first aired in Justice W. H. Guyton's court, from which he was bound over for investigation by the grand jury.

CARD OF THANKS.

We wish to thank the neighbors, friends and fellow employees for the beautiful floral offerings and for their kindness during the illness and death of beloved husband, father and son, W. H. Drosser. Also the Rev. Kelly for the consoling words. The bereaved wife and mother.

QUESTIONNAIRE

Interesting Facts About Men You're Acquainted With

EACH day the Lima News submits a questionnaire to some well known person. We have with us today:

C. J. GRUENBAUM.

President Lima Business College.

What is your name in full?

Charles John Gruenbaum.

Have you ever had a nickname?

"Prof."

What was your favorite sport when you were a boy?

Work, if you would call that a sport.

What athletics did you engage in when you were in school?

Baseball.

What is your hobby today?

Pen Art and accounting.

What was your ambition when you were a boy?

To be a banker.

What even in your life caused you to choose your present profession?

Myself and several classmates dared each other to apply for jobs as teachers in commercial schools. We got the jobs.

If you had your life to live over what profession would you choose?

I would be a minister of the gospel.

What would you do with a million dollars if you had it to give away?

Aid a real theological seminary for the training of ministers, help build the hospital, and do what I could for the needy.

ALMOST LOST USE OF HIS LEGS

Johnson Was in Bad Shape But Tanlac Restores Him

"The very first bottle of Tanlac convinced me it was exactly the medicine I needed," said J. J. Johnson, 623 1-3 Somerset-ave., Johnstown, Pa., well known Supt. of Construction, American Mine Machinery Co., of Canton, Ohio.

"For five years I had about as bad a case of rheumatism as it seemed to me a man could have. My legs were almost useless. I just had to hobble around and could hardly straighten up. Every muscle and bone ached to the very marrow almost day and night. My appetite was very poor and I had to eat the lightest of foods otherwise I would suffer afterwards. I was intensely nervous and so restless I could not sleep at night, and mornings I was as tired as when I went to bed."

"But when I finished my first bottle of Tanlac I felt altogether like a different man, my appetite picked up and my digestion became better. Now I haven't an ache or pain, my appetite is so keen I can hardly satisfy it, and everything agrees with me perfectly. I sleep soundly every night, have gained sixteen pounds in weight and am just brimful of new life and energy. Tanlac is certainly a wonderful medicine."—Adv.

DEATH MESSAGE RECEIVED.

Information has been received by J. B. Smith, Lima, of the death of his sister, Mrs. Follett, 79, wife of Dr. M. C. Follett, which occurred in Olean, N. Y., Friday, after an extended illness. Interment was made Monday in Olean.

"Resurrection of the dead soon--- millions now living will never die"

--Judge Rutherford

The terrible world war and subsequent epidemics of 1914-1919, the present ouija-board craze, and the recent granting of a national home land to the Jews, were all clearly marked out in the same prophecies which now distinctly declare when the dead shall return, and that millions now living will never die. This long awaited day is not fifty, seventy-five or more years hence, but it at hand.

We all could easily believe this statement or declaration if the time were announced to begin say 200 or 300 years future, but to apply it to ourselves requires positive knowledge based upon indisputable evidence. Thousands of profound Bible scholars can prove from Bible prophecies which have been fulfilled during the past five years that those living until the year 1925 can live forever if they choose to do so. All such will live as human beings on this earth, and will be rejoiced by the return in new human bodies of their departed loved ones and live and enjoy the blessings of the Lord throughout the ages to come.

All interested and desiring to hear and consider definite Scripture proof for this proclamation are cordially invited to attend the free lecture by

M. A. HOWLETT

OF TORONTO, Canada

Memorial Hall

Thursday April 14th

7:30 p. m.

7:30 p. m.

This lecture has comforted multitudes bereaved by the world war, epidemics and attending sorrows. So great has been the demand that it has been amplified and published in book form, including 500 Scriptural proof texts. Those unable to hear the lectures may have a copy by sending 25 cents to the Golden Age News Bureau, P. O. Box 21, Lima, Ohio.

"I want the statement 'millions now living will never die' to be taken literally, as it is, in the light of fulfilled prophecy, a provable Biblical proposition."

—J. F. Rutherford.

GARBAGE DISPOSAL

COUNTY Health Commissioner Dr. J. J. Sutter is panning the city administration on the question of garbage disposal. Sutter lifts the lid on conditions that he brands as a menace to health in various ways, the most pronounced of which is the possible feeding of garbage to hogs up to the time they are to be butchered for market use, whereas the law plainly specifies that they must not be fed on garbage during the last six weeks before slaughter.

Dr. Sutter objects to the plan now in vogue, of more than one hundred persons removing waste food from the city and feeding it, in the country, to hogs. The county health officer suggests the license plan, which would at least enable health officials to keep tab on those who would have authority to remove garbage. Sutter is emphatic in his statement that unless the dumping of garbage outside the city limits is placed under some kind of supervision and the unsanitary methods now in vogue done away with, he intends to put a stop to all dumping and feeding of garbage in the country.

Service Director Elmer McClain, looking the situation fairly in the face, admits that the city has no alibi, no excuse or comeback in the matter complained about by the county health officer. Council has been delinquent in providing proper measures for garbage disposal and it is high time there is a sitting up and taking notice. Council has passed the buck to the service director and he has promised to give the important question his attention quickly. If council will adopt the plan worked out by the server, perhaps results can be obtained.

There is no chance for making garbage disposal a part of the functions of a sewage disposal plant, because Lima has no sewage disposal and will not have perhaps for several years. Other methods must be devised and as summer is near at hand and the menace from garbage will then be greatly magnified, it behooves the city to get busy. Action now will likely result in saving lives or a possible epidemic of sickness later on.

O'CALLAGHAN ORDERED OUT

A SHORT time before the national election in November of 1920 there appeared on bill boards and dead walls all over the country large posters bearing pictures of a couple of candidates, for President and Vice President, with an invitation to the voters to be "done with wiggle and wobble," and vote for the candidates presented in the same connection.

The poster was a drive against the Democratic administration and the party's candidates. It was effective, too. We have now, in connection with the present administration in Washington, one of the most painful exhibitions of that same "wiggle and wobble" stuff that was manufactured last year. The beneficiaries of the clever poster propaganda are parties to an order that Donal O'Callaghan, Lord Mayor of Cork, Ireland, must leave this country.

The intrepid Irishman came to the United States many weeks ago, with information concerning conditions in his island country, under British domination. The Washington administration practically ignored his presence here. He was given the status of a seaman, with permission to remain only until such time as he

could arrange to ship on some vessel bound away from the United States. It is currently reported that he has stated on numerous occasions that he has no intention of leaving America. Less than two weeks ago a statement from Washington was to the effect that O'Callaghan was not to be disturbed—in effect that he could remain in America as long as he liked.

Now it's different. Something has happened. Mayhap the long arm of John Bull has reached out and the fingers of England tweaked somebody's nose. At any rate, Secretary of State Hughes and Secretary of Labor Davis have announced that O'Callaghan must go. Washington hides behind the statement that "there is no question of political asylum involved in O'Callaghan's remaining in this country; the issue in the case is that he came into this country in violation of the passport laws and should be required to leave."

Sending the brave Irishman out of this country now is virtually sending him to his death. England will be watching and waiting.

MARRIED 63 YEARS

THE Sunday News presented a picture of a Lima couple, Mr. and Mrs. Jacob Custer, who were married 63 years ago and are still living, surrounded by their children and their children's children.

It is not uncommon these days for couples to be spared to witness the passing of a half century of married life, but it is doubtful if there is a couple in all Allen-co. aside from Mr. and Mrs. Custer, who have been married for 63 years. Both were born in Allen-co. and spent their entire lives here.

Mention of the fact of this extraordinary attainment in the lives of these people perhaps attracts only passing interest with many—those who do not consider the real distinction that has come to Mr. and Mrs. Custer. Both past the age of 80, in the octogenarian stage, they are quite active and maintain their own home.

This remarkable couple doubtless could relate many incidents in connection with pioneer life in Allen-co. that in these days of progress would be almost unbelievable. That Mr. and Mrs. Custer may be spared to enjoy many more years of life, going down toward the sunset of their existence, is the sincere wish of a host of friends and acquaintances.

LIMA'S PARKS

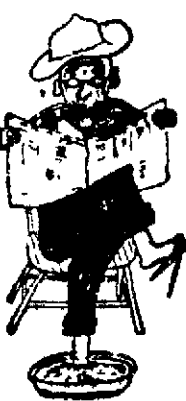

THAT the city parks of Lima, land and equipment, represent a valuation of property near a million dollars, is an amazing statement, but it is vouched for by those who know.

Many acres of woodland, of easy access, with playgrounds for children, a well equipped and ordered zoo, still this city needs more park space. With the idea of creating more interest in park conditions, more playground devices and other equipment, a park commission has been created, with Frank E. Harman at its head, to cooperate with the service department. There are two women on the board of five members.

The outlook just at this time is that there will be more interest in Lima's parks this year than ever before. There cannot be too much.

MISS LIMA: With railroad passenger rates where they are, ad writers are hard put to get the proper line in their travel appeals.

AS YOU LIKE IT

OLD SCISSORS SAYS:

A man pushing a baby cart thru Main-st feels just as foolish as he looks. This is authoritative.

An important discovery has been made by a New England psychologist. It is to the effect that happiness is really a cliché, if you want to be happy. "Wear diamonds," he says, "and you will be happy. Diamonds have a psychological influence upon your state of mind." It is a simple thing at that and it is queer nobody ever thought of it before. The discovery comes at an opportune time. Never in the history of the world has it been so much in need of happiness.

TODAY'S HEALTH HINTS—BY DR. WM. BRADY

WATER DRINKING

It is a physiological fact, founded upon careful observations, that when we take a drink of water the water is practically not absorbed at all in the stomach.

This has led to some wrong deductions for many individuals think it is unwise to drink water before or at the beginning of a meal, lest the water so dilute the gastric juice as to delay digestion. But wait a minute. Observations have shown that as soon as water taken alone enters the stomach it begins to pass on into the duodenum (small intestine) in a series of forced spurts. Within a few minutes after a large drink of water has been taken practically all of the water has passed out of the stomach into the intestine, where, as much as the body requires is absorbed into the blood. If there is any superfluous remaining, it will only tend to make easier the work of the intestine.

So positive is this effect that some good physicians administer a large drink of cool water in place of a so-called test-meal when seeking to obtain a specimen of gastric juice for analysis.

Therefore if one is at all thirsty it is perfectly healthful to drink all the cool water desired before or at the beginning of a meal. It is not advisable to use water or any other beverage as a wash to hurry down poorly digested morsels of food, and it is not advisable to drink water that is excessively cold (ice water) at any time. Ice water is a shock to the stomach and sometimes to the solar plexus, in hot weather particularly. Nor is it a wholesome practice to drink very hot water or other beverages. So good an observer as Dr. Mayo believes that the habit of taking beverages or food too hot may favor the occurrence of cancer of the stomach. Excessively hot or cold things are not natural.

Water is essential to every chemical process of the body—absorption, nutrition, secretion, excretion. Sol-

JUST FOLKS—BY EDGAR A. GUEST

TO BE A YOUNGSTER IN THE SPRING

The kids are playing marbles in the street.
A ball game's in full view across the way.
Outside I hear the sound of eager feet.
The air is filled with shouts of noisy play:
A kite is riding bravely in the sky,
The tops are spinning yonder in a ring.
But all these pleasures now have passed me by—
It's great to be a youngster in the spring!
A youngster and his dog go racing past,
I smile and stand to watch them till they're gone;
I fancy winter's grip is slipping fast,
I hear a little fellow shout: "scrub one!"

Across the street a boy has climbed a tree.
Another group makes merry with a swing.
Where'er I turn real happiness I see—
It's great to be a youngster in the spring!

I'd like to be among them spinning tops,
I envy him today who flies a kite,
I'd like to hitch the outshoots and the drops,
Or climb a tree with all the old delight.

Now overhead the skies are shining blue,
And every day new joys to youth will bring.
But I have learned what once I never knew—
It's great to be a youngster in the spring!

WHAT THE STARS PREDICT

This should be an exceptional lucky day.
Leases or contracts on this day should bring good luck to those most interested.
It is indicated that there will be a revival of interest in psychic phenomenon, leading to surprising discoveries.
A woman will receive an appointment to a position never before held by one of her sex.
Persons whose birthday this is should have a successful year, but should use caution in their dealings with those of the opposite sex.
Children born today will be clever and succeed easily in their chosen lines.

HOW YOUR FAVORITE REMEDY DRECO HAS COME TO COST YOU LESS

By a New Manufacturing Process, All the Good Qualities are Retained and Expensive Alcohol Eliminated—Does Same Reliable Work at "Before the War Price"

Many lessons were learned during the war as to saving and as to reduction in costs. The manufacturers of Dreco learned something and that was how to make Dreco the same good medicine, preserve completely its full medicinal qualities and do away with the Alcohol which now costs so much. That is why today you can buy Dreco at "before the war price" and be assured of getting the same reliable remedy which so many people have praised for the relief of their troubles. For instance Mr. Walter Edmond said: "My bowels were so badly constipated I had to take purgatives nearly every night. This strong medicine deranged my stomach so that it often filled with gas and griping pains would hit me. I had pains in my back over my kidneys and my joints were sore and stiff. I took a treatment of Dreco and I'm like a different person today. I soon noticed my bowels acting regular, the gas ceased to form in my stomach, my appetite increased and my sleep became sound and refreshing. All the backache and sore joints have passed off and I can stoop over and bend about as well as ever. Dreco is great medicine and I strongly recommend it."

The old fashioned root and herbs are the best medicine for us to take. Dreco contains the juices and extracts of twelve different herbal plants, which act on the stomach, liver, kidneys, bowels and enrich the blood. Get Dreco today.

Dreco is being specially introduced by Baldwin's Central Drug Store in Lima and sold by all druggists, Corner Main and High Streets.—Adv.

YOUR NAME

VAN RENSSLAER
by PHILIP FRANCIS NOWLAN
MACHAL O'BRIEN—Dunk
SOURCE—A local legend.
It is not remarkable that a very great proportion of family names originating in Holland, and belonging to that classification of names developed from the names of places, should be the names of places outside of Holland.
Holland, together with the part of what is today Belgium, formed the famous Flanders coast of the middle ages. The medieval Flemish were not only among the foremost manufacturers of Europe, being renowned especially for their textiles, but they were also great merchants, their fleets trading with all parts of the known world, and several of their cities being members of the Hanseatic League, a group of "free" cities, ruled by their own merchant inhabitants, who pooled their commercial ventures, united in armed defense of them, and waxed wealthy while feudal barons and kings grew poor in never-ending warfare among themselves.
Naturally, merchants from every section of the world flocked to the cities of Flanders, among them undoubtedly many from Switzerland. Such men as naturally referred to the places from which they had come to establish their identity in the minds of their new neighbors. "Van," of course, means "from" or "of," being the same as the German "von." "Rand," meant "border." "Soleure" was the name of a province in Switzerland. Thus, in the course of time, "Van-Rand-Soleure" has become "Van Rensselaer."

ENTERTAINMENT GALORE AT LOCAL THEATERS

"Madonnas and Men" Should Please Any Audience—Douglas MacLean Good in Rookie Picture

Neglected Wife Play Strikes Responsive Chord—Good Production Here Saturday

(By ESTHER WAGNER)
BECAUSE it is elaborately and lavishly produced, and because it tells an absorbing story, it is interesting to see in the main fair impersonations. "Madonnas and Men" should please you mightily, for it is not only a story, but it is a story that is worth the effects alone should be worth something.

The opening scenes show how the Roman Emperors enjoyed themselves, watching a couple of men trying to send the other to king-dom; how they fed beautiful young girls to the roaring lions, etc. These amphitheatre scenes are mag-nificently staged, even though a trifle gruesome.

Well, while an especially beauti-fully young lady is about to be sac-rificed, Emperor's son-in-law begs to tell the young prince a story, af-ter he has pleaded in vain for the girl's life. The lions are held in check while the story teller re-lates:

All about a millionaire, who is bent on destroying an innocent girl because her mother had once killed him. Said girl lives quietly in the farm with her mother, who returns from a trip one night to find daugh-ter flown. There follows the death of the mother, the finding of oil while preparing her grave, that pro-vides funds with which to search for the missing daughter.

The search reaches to the "Mid-night Revels" where the aged father calls the services of a premier, gamester, known as Ninon, with whom happens, is hopelessly in love with the millionaire's son. And about the old gentleman's daughter, being kept a prisoner. She will have re-venge!

WITERS COMPLICATED
Things grow quite complicated, the marriage of Youth and Revenge is about to take place, when the resulting party arrives in the nick of time. The climax is obvious, for the son didn't love the dancer at all, but is all wrapped up in the sweet little girl who so nearly escaped a life sentence with the crabbed old millionaire.

There's a lot to this picture, any way you look at it. The cast in-cludes Evan Burrows Fontaine, the dancer, and like all professional dancers, she's beautiful, only from her neck down. Edmund Lowe makes a nice Prince and a splendid reeking angel. Fair Blinn has an important role as a lady of the times, one of the best characters of that of John Grimm, played by Gustav Von Seyffritz. The sets and interiors are gorgeous and represent an enormous amount of money ex-pended. Photographically, the pro-duction could have been much bet-ter. The subtitles are hopelessly silly.

As mentioned above, "Madonnas and Men" should prove popular among the majority. Get a twelfth-fold on you sometimes, tho'!

It is appearing at the Sigma.

"The Rookie's Return"
THE gay young Douglas Mac-Lean, aided and abetted by Doris May, has had several better stories than "The Rookie's Return." Just the same, their pres-ent offering is a merry one, calcu-lated to please and make you laugh. Here is what happens:

A rookie returns to America from "over there" his first thought is to procure a suit of clothes and a job which he does. The job is selling books—which he doesn't.

He has never been informed that his rich aunt died and left him her fortune, with peculiar conditions attached, until he descends upon her mansion, looking for a square meal. Thru the crack of the door he hears the lawyers reading the will, one of the conditions of which is that, should any of the servants be dis-charged, before the end of six months, they are to receive \$5,000 each. Of course, the servants con-nect endless schemes to get them-selves discharged, and dear know what would have happened had not James, in quest of literature on the servant problem, met in the library a lawyer, who—but you know enough about it now, without telling more. Be advised, however, that the lawyer is the father of the beautiful Alicia.

Mr. MacLean is in pretty good form and quite funny at times, with that sickly smile of his that domi-nates every situation. Miss May, who is his last starring vehicle with Douglas, is still riding in the band-wagon, and is as cuddly, girly and shy as ever. The support is adequate and the picture technically is well done.

"The Rookie's Return" is the Fau-rot's feature attraction.

"The Woman in His House"
BOLD another neglected-wife affair, with Mildred Harris as the down-trodden fair one. This time, however, the story has a strong element of mother love, with its intense power for good and the picture "The Woman in His House" becomes a thing of exquisite beauty, with an appeal that is bound to

"The Woman in His House"
The story of a woman who was abandoned by her husband and who, after a long and painful search, finds him again. The picture is a masterpiece of dramatic storytelling, with a powerful performance by Mildred Harris. The production is of high quality, with excellent sets and costumes. The story is a classic of the genre, and the picture is a must-see for anyone who enjoys a good drama.

twisted limbs and restores vigor to the wasted little body. The acting of little Richard Fredrick as the stricken infant, is a revelation. Seldom have I seen a picture with a greater percentage of touching emotion than "The Woman in His House" contains. And the cast too, outside of Miss Harris, is a promi-nent one.

The Regent theatre is featuring this production for four days, and if you want to see a film that will strike a responsive note, you will want to see it during its four-day engagement.

"Turn to the Right"
THE coming of "Turn to the Right" to the Regent Opera House on next Saturday, April 11, matinee and night, will bring back a play that will be held in fond remembrance by members of the present theatre-going genera-tion. As a happy blending of tears and laughter it will occupy a niche in American theatrical history with "Way Down East," while among those who praised the religious ap-peal of "Ben-Hur" it will be cited as an example of a comedy without blushes. The story deals with a type of youth common to every small town in America—the youth who leaves home to seek his fortune in the city. How Joe Bascom suc-cumbs to the influence of fast com-pany and the fascination of gam-bling, and is restored to the right track by mother-love, is told in a story of simple directness in a pro-logue and three acts. The play was written by Winchell Smith and John E. Hazard, and it comes here with the backing of runs of a solid year each in New York and Chicago. The complete production, from the Gaiety Theatre, New York, will be seen here.

Seats will be placed on sale on Friday morning. Mail orders are now being received.

THEATRE DIRECTORY
AT THE ORPHEUM:
The North Bros. Stock Co. pre-sented Oliver Morosco's "The Brat," evening only. Matinee on Wednesday and Saturday.

AT THE LYRIC:
Mary Pickford is starred in "The Lovelight" appearing today at the Lyric theatre.

JAP SHOT IN RAID FROST FORECAST
Sailors; Smuggling Liquor 10 U. S. Captured in Florida
Cold Tonight, Warmer Tomorrow, Weather Bureau Says

JACKSONVILLE, Fla.—(By As-sociated Press) Five Japanese sail-ors are being held under arrest by Federal prohibition of-ficers here today as the result of an attempt by members of the crew of the Japanese steamer Erio Maru to smuggle ashore 14 cases of liquor. In addition to the liquor seized after being brought ashore by members of the crew, officials also are guarding 13 cases taken when they later boarded and searched the vessel.

A lively exchange of shots took place when a group of sailors resist-ed arrest after they conveyed the 14 cases of liquor ashore at the direc-tion of two prohibition officers who had visited the ship to arrange for its "purchase," officials said. Surprised by officers hidden at the pre-arranged place of delivery, the sailors were taken into custody when an at-tempt was made to arrest them, one being wounded in the hip in the en-suing exchange of shots. Following the arrests a search was made of the ship.

KILLED IN CRASH
Interurban Car Smashes Into Auto Party at Akron

AKRON—(By Associated Press)—Mrs. Henrietta Chersanowski, Kenmore, was instantly killed and her husband, Joseph Chersanowski, daughter, Helen and a friend of the family, Adolph Dumbeck, were se-riously injured, when a southbound Cleveland-Akron-Canton interurban crashed into the automobile in which they were riding here at 11:45 last night.

Motorman Henry Bates, 907 Sec-ond-st. N. W. Canton, and Conductor Robert Ramsey, 116 Broad-ave, N. W. Canton, are being held on charges of manslaughter.

Prosecutor A. W. Doyle was wit-ness of the tragedy.

ANTI-NARCOTIC LAW IS UPHELD BY COURT
WASHINGTON—(By United Press)—States can enact anti-nar-cotic laws which do not conflict with the federal law, the supreme court today held in declaring constitutional such a statute of Minnesota.

The state law was attacked by C. D. Whipple, Minneapolis physician, convicted under it. He claimed it was unconstitutional and that he had not violated it because he was prescribing drugs to patients in the hope of curing them of the evil prac-tice.

MOST DARING GOWN IN PARIS HISTORY IN U. S.

NEW YORK (Special) — What will America do about the Aphrodite Robe?

Cable dispatches from Paris show that the new creation of the modists has precipitated a great storm in the French capital.

Lady Derby, wife of the Earl of Derby, has denounced it, and there has been so much general criticism of it that the Parisian dressmakers are now beginning to worry about doing something to ward off criticism.

They are actually beginning to fear that unless they do modify such creations as the Aphrodite robe, a wave of antagonistic morality may sweep over some of the important circles of the outside world and make Parisian gowns unfashionable.

REACHES NEW YORK
Altho the Aphrodite gown has not yet reached the point in New York where everybody owns one, it has found its way in some of the well known shops.

The gown itself does not look very much more risqué than some of the other creations from Paris, but experts say its dangers can only be understood when the gown is on the owner, and the owner walks about or dances. Then it is said to be quite the most daring thing ever done under the name of dressmaking.

A well known modiste says of the gown:
"I don't consider the gown daring, extreme, or difficult to wear. Of course, the bodice of this robe," pointing to one sketch, "is open under the arms to the waist line. The back is only slightly above the waist line, and a string of beads over the shoulder holds one side up, and the skirt drops but little below the knee. Even a plain woman, so long as she has no dail defect, can find brilliant setting in the gown."

ROBE IS ONLY A TYPE
The Aphrodite robe is not descriptive of one particular gown. It is descriptive of rather a type of gown of which there are a number of different individual kinds.

Gowns which appear to be far less startling than the Aphrodite robe have already caused so much

criticism here in the United States that many of the churches have appealed for what they consider a

safer and saner type of dressmaking. Sketches of Aphrodite gowns now on display in New York style shops.

TIPS ON HATS

HERE are some tips on hat fitting colors, styles, and angles which may be clipped and tucked away in the corner of your purse, to be used as a guide.

MATRONS AND STOUT WOMEN
You will be unbearably hated if you wear a poke bonnet, the small tight roll brim or the wide picture hat which robs the short neck of its beauty.

The hat rolled up on one side and down on the other is very trying to most types, especially to women who dress their hair smoothly and away from the face.

But you will be smartly dressed in a hat large enough in the head size, a hat of irregular lines rolled back from the face, or a hat with medium brim, drooping so slightly that it is hardly noticeable. (Too much droop will cut the length of the face — be careful.)

SLENDER WOMEN AND MISSES
All hats should be gauged in width by the height of the wearer — this is a never failing rule of proportion, or balance.

So the tall, slender woman, whether in her twenties or sixties, may wear the wide picture hat, transparent and lovely, without being over-dressed or stagy. We are presupposing, of course, that she walks gracefully.

For the small and rather plump face (also for the very young slender face) there is a poke bonnet. The girl with slender face should be careful to have her locks fluffily around her ears. But the poke bonnet should be carefully and critically fitted before adoption by even the younger miss.

Watch the hair line at the neck for it has the power to make or mar you. It is one of the most strategic points to be considered by all types, in the war we shall wage on unbecoming head-dresses.

Mrs. Paul Agter and Mrs. Frank Steiner will entertain the members of the Tuesday Luncheon Bridge club at the Agter home on W. Spring-st., Tuesday.

Wayne Galvin was the guest of relatives and friends in Springfield, Sunday.

Mrs. Battelle, Miss Gene Battelle and Fred Battelle returned Monday to their home in Detroit after visiting Mrs. Battelle's daughter, Mrs. E. B. Taylor, W. Spring-st.

Mr. and Mrs. Ernest Witteberg, Columbus Grove, were the week-end guests of Mr. and Mrs. Homer Parker, S. Main-st.

Meeting of Class No. 15 of Bethany Lutheran church which was scheduled for Tuesday has been postponed for a week.

In honor of the birthday anniversary of their father, R. W. Partridge, his daughters Misses Gail and Ruth arranged an attractive 5 o'clock dinner for his pleasure at the Elks' home Saturday.

Saturday evening a merry party was enjoyed at the Elks' home in compliment to Mrs. Charles Hess, Postoria, district vice-president for the Federation of Women's clubs of northwest Ohio.

Mrs. Hess had addressed the open meeting of the Lima Federation in the afternoon talking much that was helpful along reconstruction lines as recommended by the general and state federation. She also commented the work already started in Lima along various lines, closing her talk by inviting as many as possible to attend the district meeting to be held in Van Wert on the 18th and 20th of April, asking all who attended to go in communication with Miss Rose Dunham, South Washington-st., Van Wert. The banquet will be held on the evening of the 19th and reservations should be made for places.

The dinner Saturday evening was most informal and was attended by a number of the heads of departments and chairmen, namely, Mrs. Beecher Moike, president of the City Federation; Mrs. John Roby, Mrs. Kent W. Hughes and Mrs. Lush M. Butler, past presidents; Mrs. M. M. Keltner, first vice president; Mrs. Ross Mullen, Mrs. Frank Boone, Mrs. H. H. Starrett, Mrs. W. B. Kirk, Mrs. Charles Black and Mrs. Lena P. Davis.

Mr. and Mrs. Eugene Painter and family, American-ers were the week-end guests of Mr. Painter's mother, Mrs. William Wahl, Defiance.

Mr. and Mrs. Theodore Michael, W. Market-st. are home from California, where they enjoyed the winter months.

Mrs. Mira Beasterline Smith is home from a visit in Chicago.

J. B. Smith, W. Spring-st. left for Olean, N. Y. to attend the funeral of his sister.

Mrs. George D. Moyer and daughter Marguerite were the week-end guests of Mrs. Zada Kissong, Detroit.

TRIM FROCK MADE DISTINCTIVE BY GOLD EMBROIDERY

BY ELOISE

The coat dress for early spring wear is gaining in popularity and many pretty models are being shown which will make complete outfits without any extra wrap, a fur piece being the only needed accessory. These coat frocks are usually made of tricot, duvetyne or Polart twill and blue and brown are the two colors which predominate.

This very smart tailor shown here is made of chestnut twill and cordovan duvetyne. In either color or material it is a charming costume. It is made distinctive by touches of gold embroidery and a narrow ribbon sash which marks the waistline. Short slashed sleeves and one of the smart new collars which fastens at the neck are two features which are taken from the new spring suits. The coat effect is particularly well carried out in its costume, and long sleeves, a smart hat and a fur piece make it a costume fit for any occasion.

Mr. and Mrs. C. L. Regle, Renaville entertained at 6 o'clock dinner Sunday evening for the pleasure of Mrs. Regle's aunt, Mrs. A. H. Heidman, Defiance, Ohio.

Covers were laid for Mr. and Mrs. Edward Blair and children Russell, Mary Margaret and Rose Elizabeth, Mr. and Mrs. E. A. Daymon, Mr. and Mrs. Harry Dixon and daughter Dorothy, the honor guest and the host and hostess.

Jenera U. d. merine Mr. and Mrs. E. A. Daymon and Mrs. A. H. Heidman, Janera, hour's guest of Mr. and Mrs. C. L. Regle, were the guests of Mr. and Mrs. Warren Smith, Lepsie, Friday.

IS INTERFERING IN HEART AFFAIR

By SUNE SMART

Dear Miss Smart: Ask a young girl and I have a girl friend who has been going with a young man for quite some time. She is not engaged to him and yet I can't induce her to give him the hint that she is foolish to give up all her time to him and that she should go out with other friends, one to whom she says that he doesn't go with other girls and so she won't go with other men. Nothing I can do can turn her against him.

JUST A FRIEND
I THINK the best thing for you to do is to permit your friend to use her own discretion in matters so personal, as an effort of this kind on your part might only end in the breaking up of your friendship.

You are not doing a kind act in attempting to make your friend "turn against" this young man. Surely, you are receiving no enjoyment in it. Of course, I can see your side and you think you are doing the proper thing, but you see we all have so many little troubles and affairs of our own without worrying ourselves with someone else's affairs, especially in so personal a thing. You really have gone far beyond the privilege of a friend in this thing and your friends might really regard your attitude as very interfering.

You have pointed out to her that it would probably be best if she were to go out with other friends. Let it drop at that. It is now for her to decide what she wishes to do. If she cares for this young man and seems to be happy with only his attentions and friendship, it is indeed very wrong for you to interfere or to make any remark suggesting that you think she is doing wrong.

Dear Miss Smart: I am a young man at the age of 22. I have a very good appearance and dress neatly. I am very much interested in a young lady and would like to have some advice. (1) I would like to know how to get acquainted with the lady. I have not resided in this city long and therefore I am not known here. (2) I do not know whether she is single or married, but by her appearance I believe that she is not married. I see this young lady every morning, but being a stranger, I do not desire to speak to her, because I might think I am intruding her. I would do anything to get acquainted with her.

A FRIEND
(1) This is a somewhat difficult question to answer because, as you say, being a stranger it is difficult for you to become acquainted with

BEAUTY RECIPE

CHICAGO.—(Special). — "Be it business or pleasure, a girl must look to her looks," says Miss Florence Lawson, director of the physical department of Y. W. C. A. here.

"A dab of powder and a dash of rouge are not enough," she adds. "The alert business girl of today realizes that a clear skin and bright eyes depend upon supple muscles and good circulation."

"More women are engaged in business and professions in this country than ever before. The necessity of being on time every morning and of remaining at a sedentary occupation all day tells upon a woman's looks if she does not get exercise."

"The girls and women who stay at home, even though they do most of their housework, have a better opportunity for resting and for getting fresh air than any woman employed downtown."

"The circulation of the air in offices usually is not of the best and the tension of office work makes a woman look old before her time, if she does not take the proper physical care of herself."

"Paint and powder will deceive for a while, but after several years of no recreative exercise, a woman's looks are gone, if she sits at a desk all day."

"But when a woman takes care of

the young lady. Perhaps, if you are observing, you might at some time see who some of her acquaintances are, secure an introduction to them and thus meet her. Very often we meet one whom we have long desired to meet when we least expect it. (2) Doubtless you are one of those who are strong in the belief that when married one always seems to possess that "married look." I think it would be very wise if you were to make a thorough investigation and see whether or not the young lady would be free to accept your attentions before you become too much interested in her.

herself by gymnastics or by exercise in the open, she is not only preserving her beauty but is an asset to her employer.

"A healthy girl is more efficient and more contented than an unhealthy one."

Miss Lawson is urging industrial concerns to stand back of the project of creating a recreation center for business girls.

GOOD BLOOD NEEDED IN SPRINGTIME

People With Poor Appetite, Bad Complexions and "Spring Fever" Need a Blood Tonic

Gude's Pepto Mangan is Best

Makes Rich Red Blood—Renews Vitality and Increases Body's Resistance to Disease

Spring is the time when good blood is so vital to health. If you do not feel the thrill of Spring in your blood, if you take no pleasure in living, if your appetite is poor, your complexion pallid or muddy, and you tire easily, you can be pretty sure your blood is not up to the mark. So many feel that way in the Spring. Especially housewives who have so much work to do. They get verted and run-down—their blood becomes weak and thin.

Build up your health now by taking that splendid Spring blood tonic, Gude's Pepto-Mangan. It will give vital power to the red corpuscles in your blood. They will go racing thru your blood, carrying fresh supplies of oxygen to all the tiny cells. It will help improve your color and your appetite. You'll take more interest in things and enjoy life more. You will stop going around with that tired, all-gone feeling.

Physicians have prescribed Gude's Pepto-Mangan for 20 years. You can get it at your druggist's in either tablet or liquid form. Take whichever you prefer. They have the same medicinal value. Get the genuine—Adv.

FEDERATED WOMAN CLUBS CONVENTION AT VAN WERT

Many enthusiastic and interested club women are anticipating the convention of the northwestern district of the Federation which will be held in Van Wert, April 19 and 20.

The northwestern district includes the following counties: Williams, Fulton, Lucas, Defiance, Henry, Wood, Paulding, Putnam, Hancock, Van Wert and Allen.

The convention will open Tuesday afternoon, April 19 at 1 o'clock. Several interesting addresses are scheduled and reports from the various federations will be made. A banquet will be held at 6 o'clock Tuesday evening and the meeting will convene again Wednesday morning and be continued until noon.

Delegates from this city will be chosen in a short time and it is assured that Lima will be well represented by the number who have expressed their desire to attend.

The Elks' home was most artistically decorated Saturday afternoon with potted plants and baskets of Spring flowers for the open meeting of the City Federation of Women's clubs.

The singing of "America," led by Mrs. I. R. Longworth, opened the meeting and Mrs. Willard Price spoke a short prayer. A quartette composed of Mrs. Charles Black, Mrs. J. Robb Moike, Mrs. John Carnes and Mrs. R. D. Kahle favored with the singing of "The Lord Chord." The president Mrs. Beecher Moike then called upon the various chairmen who responded with brief talks relative to the organization of their committees and the interesting work they have all planned along lines advised by the state and general federation.

Dr. Josephine Pierce followed, asking for the endorsement of the resolution providing for a woman to be appointed on the board of health. Miss Mary Garford, physical director at the Y. W. C. A. spoke on the program for "Health Week" which is being held in the "Y. W." rooms this week. She told of the outfit of a new model of clothing which is being exhibited in the rooms this week and recommended that the Community Sewing class adopt the new styles. Mrs. W. B. Kirk, chairman of the committee of applied education, presented a resolution to the effect that each club have as one of its officers a critic. The resolution was adopted.

A most delightful talk was given by Mrs. Charles Hess, Postoria, vice-president of the north western district of the federation who commended the city federation on their excellent standing and especially for the splendid progress they are accomplishing in the Americanization work. She suggested that each club devote 15 minutes at each meeting to parliamentary law and that one meeting be devoted to the study of the Bible. Very encouraging was Mrs. Hess' statement to the effect that the Federation was now progressing wonderfully in different lines of work and plans of which she had intended suggesting to them. In response to this Mrs. Moike, the president, said that much of the progress and accomplishment is due to the preceding regime.

Seven new clubs including Hereux, Temp, Koe, Mar, Stickers, Child Conservation League, Hospital Alumni, and Ideal clubs were admitted into the federation. There are now 10 clubs which have been admitted into the federation since the luncheon which was held January 29 under the auspices of this organization at the Elks' home.

The closing number was one of unique interest being an exhibition of the garments made by members of the Community Sewing class. Nine members of the class wore gowns which they made under the direction of Miss Letta Reid while other pretty garments were on display.

Mrs. W. E. Crayton announced that the Lima League of Women Voters will hold a tea April 20 at the home of Mrs. D. L. Sherwood. An interesting play will be presented by the Dramatic society at this time. Tickets may be had from any member of the league.

At the close of the meeting tea was served by the executive officers including Mrs. M. M. Keltner, Mrs. J.

SOCIAL CALENDAR

MONDAY

Bay View club, Mrs. Abner Jones.

Chautauqua club, Mrs. Belle Gibbs.

Twentieth Century club, Mrs. J. B. Medley.

THE UNLATCHED DOOR

From the wallet beside him he drew a letter and a small white paper packet, closed with a drag-pier fold. This he opened and disclosed a man's thin, handwritten, numbered and faintly stained. O'Malley gazed at it and then at Peter, with an intent, inquiring stare.

In answer to the look, Peter spread out the letter before his superior. The heading at the top was that of Van Dorn and Sawyer, the best analytical chemists in the city. O'Malley glanced at the name of the firm and then absorbed the body of the letter with intense interest.

"H-m-m," he muttered, as he finished, looking up at Peter. "Handkerchief shows traces of human blood. And now, where do we go from here?"

Peter's triumphant smile embraced the corners of his mouth. He drew from his inner pocket a long, narrow parcel and laid it on the pulled-out slide of the desk. O'Malley watched him intently as he cut the strings and folded back the paper. There was a moment of eloquent silence.

"That could be it, all right," said the captain at last, slowly drawing a long, deep breath. "Bludge about the right length, sharp at the point and on one side, just as the doctor ordered. But it's the kind of thing you might find in almost any wealthy house. What makes you think—"

"Listen and I'll tell you," interrupted Peter, eagerly.

For a long time the low, excited young voice went on speaking. Then there came a volley of quick, sharp questions in O'Malley's rumbling bass, to which Peter replied at length. Some one tried to knock down the right knocker, but O'Malley called out that he was busy and the intruder went away on heavy, echoing feet.

It was over an hour later that O'Malley ended the conference by rising to his feet.

Some hours later a prepossessing young man with Irish-blue eyes closed the door of the small bedroom he had just engaged and locked it. He glanced out at the window and then hurriedly pulled off his coat.

"Probably will be back in a minute, but I can get a start, anyway," he muttered, and rapidly unlocked a suitcase he took from the small hall. He moved the narrow bed out from the wall and selected a spot by measuring two paces from the center of the room. Here he made a deep incision with a heavy, sharp pocket-knife and carefully and silently proceeded to saw a section from the flimsy, lath-and-plaster partition just above the baseboard, taking pains to cut thru on his side of the studding only.

He had just succeeded in removing in one piece, a small rectangle of the wall, when a quick ear, which had been intensely on the alert, caught the sound of a foot fall on the stairs. He dashed instantly and sat back on his heels, listening.

The door of the next room opened and closed quietly and there followed the usual noises made by a person moving about a room. They could be heard very distinctly and Peter nodded his head in satisfaction.

Dusk fell and night came slowly on, and still Peter crouched with his ear to the opening he had made in the wall.

A day, two days, a week, nearly two weeks, dragged by, and still the public, which had been previously thrilled and shocked by the sensational accounts of the murder of the beautiful Mrs. Hammond Rutledge waited in vain for news of the arrest of the criminal or criminals.

Clancy had a merry dinner with his friend Bill Stubbs and Bill's wife, Maybelle. After the meal was over Peter, noticing that William jumped a little, asked him if he had hurt himself.

William almost blushed. "Now, I'm all right, Pete. Fact is, these damn shoes are too tight."

"You're a fool to get yourself all crippled up, just for style," said Peter severely. "Why don't you buy shoes that are big enough?"

"Do generally," answered Bill, defensively, "but to tell the truth, I found these and they were such peaches I couldn't bear not to wear 'em."

"Where'd you find 'em?" asked Peter, with a sudden increase of interest.

"Why, they fell from the skies at my feet, as you might say."

"What do you mean," they fell

PATTERN FOR TODAY

A NEAT AND PLEASING FROCK FOR MOTHER'S GIRL. Pattern 3565 is here portrayed. It is cut in sizes 2, 4, 6, and 8 years. Size 4 will require 3 yards of 27 inch material.

Gingham, percale, lawn, voile, rayon poplin, and other dress fabrics are attractive for this design. For trimming, feather stitching, wash braid, or embroidery would be desirable. This style is also good for silk and woolen materials.

A pattern of this illustration mailed to any address on receipt of 10 cents in silver or stamps.

CHAP. X—A Bust Tire and the Results

Dick Schuyler had recognized for some time that he was irretrievably in love, but if Anne Wallace knew it also, she was too wise a woman to give any sign. She had chaperoned him obstinately whenever it was necessary, and for the first time she had let things in Dick's honest, capable hands.

One day when Dick drove over to the little white house at Altoonville Mrs. Adams, telling him Miss Wentworth had gone to the postoffice box would presently return, confided to him that she was worried about Nora. The girl had been expecting money from New York which had not arrived, and was short of funds. Mrs. Adams had offered her money but she had refused it. She was now anxious to get to New York to arrange about her affairs but was without means. That very morning Richard had received a telegram from Clancy asking him to come to New York to clear up some important matter concerning the Rutledge murder. O'Malley had had a man representing himself as in search of a site for a crematorium, and Dick at Altoonville, and Clancy knew where to address his dispatch. Dick at once resolved to try to get Nora to drive with him to New York. Upon her return from the postoffice she, after some urging, consented to his plan.

They were late in starting and as Dick insisted upon making a rather long detour in order to show Nora a view of which he was particularly fond, the wheels were waiting falling as he turned the car once more in the direction of the main road.

There was the sharp pistol crack of a bursting tire. The car, going at full speed, skidded violently, struck a heap of sand at the side of the road, lurched and was thrown heavily over on its side. Dick felt himself hurtling thru the air. Black darkness fell—and nowhere in all the world of consciousness was there such a person as Richard Van Loo Schuyler.

He came, after a time, out of the darkness of unconsciousness into the lighter darkness of the falling night. When he opened his eyes, he looked straight up into the deep blue of the twilight heavens.

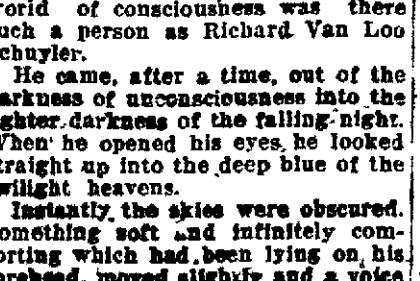

Instantly the skies were obscured. Something soft and infinitely comforting which had been lying on his forehead, moved slightly and a voice far, far away said, "Thank God!"

Here Is a Fine Laxative For a Little Baby

Millions of Mothers find Dr. Caldwell's Syrup Pepsin safe for infants

WHAT young mother has not often asked herself the question, "What is the best thing I can give my baby for constipation?" It is a very important question, as constipation is the basis of most ills of infancy and childhood.

Give half a teaspoonful of a combination of simple laxative herbs with pepsin. You can obtain it at any drug store under the name of Dr. Caldwell's Syrup Pepsin. It is a mild, gentle medicine that children, willingly take, and a bottle that costs only sixty cents is enough to last an average family several months.

Dr. Caldwell's Syrup Pepsin has been used by millions of mothers, for the prescription has been sold in drug stores for thirty years. It is the same prescription Dr. W. B. Caldwell, who is now in his 82nd year, used in his extensive practice for half a century. It is the largest selling liquid laxative in the world. Last year eight million bottles were bought in drug stores.

You can make no mistake in giving Dr. Caldwell's Syrup Pepsin to your baby.

TRY IT FREE

Send me your name and address and I will send you a free trial bottle of my Syrup Pepsin. Address me Dr. W. B. Caldwell, 413 Washington St., Monroeville, Illinois. Everywhere now and then needs of laxative, and it is safe to leave the best.

WRITE ME TODAY.

old police officer had sent me up to my room, I felt faint again, probably partly because I hadn't had any breakfast. I thought I'd better go down to the kitchen and get a cup of tea, and just as I was passing along the hall on the second floor I heard the door slam shut and almost immediately the lights in the lower hall flashed up. I stopped and looked over the banister and saw all that passed. I knew from your movements and from the look on your face that you were trying to conceal something from the police. I was deadpally puzzled and concerned, remembering the package I had given you. I couldn't help it. When you went into the drawing room, I hoped you were safe, but I stayed on, knowing you would come back for your hat and bag. Then I saw the young detective stoop down and look under the settle. My heart almost stopped because I knew that what-

HER OWN CAREER

By PHYLIS PHILLIPS

A NEW START

"Pooch, pooch, dear," said Gwendolyn to her cousin as she stopped in the midst of her story and explained vehemently her hatred for the whole male race. "Don't judge them all by Manuel. After all that is hardly fair. There are still many splendid men in the world and you will live to meet them and respect them. For every Manuel there are ever so many fine men."

"Oh, don't tell me. I know what I'm talking about. All of Manuel's friends down in Rio were the same as he. No difference between any of them in any way. Corrupt, ruthless bunch, each and all. When Manuel returned to his old life again he began to neglect me. At first he had the grace to try to cover up some of his actions, but by the end of the second month he was going about flagrantly, and before I left him he told me to my face, boastfully, the name of his present favorite, an actress, and a tawny beauty, as I well knew."

"That finished everything. I lost my head completely and we had a dreadful scene. I fancy he carried around the marks of my scorn on his perfect features for many a day, and I sincerely hope so."

"It is just three weeks ago today since I left him," and here she shuddered and hid her face in her hands. "The first three weeks of peace that I have had since I left here, almost. Now you know my story, Gwendy, dear. Now you know why I have a tired face and am so embittered towards men. You would be the same, if you had been thru all I have been thru in the past few months."

"I suppose I should," answered Gwendolyn, shading her eyes with her hand to hide the tell-tale tears that Fern's story had brought to her eyes. Once more she longed for the reassuring presence of John Neale, for somehow or other John always knew just what to do in an emergency. She felt that he could have talked to Fern and comforted her as even she herself could not, for he would have the all-round point of view and be able to show Fern just where she was allowing

herself to be crushed by this incident in her life, just where she should struggle against this very thing, and meet the world, her world with a brave smile in her eyes, if not in her heart. That was John, he always could make a silver lining appear in the clouds.

"Turning to her cousin, she drew her into her arms, soothed her with

THIS YOUNG MOTHER

Tells Childless Women What Lydia E. Pinkham's Vegetable Compound Did for Her

Millston, Wis.—"I want to give you a word of praise for your wonderful medicine. I am very fond of children and for a considerable time after we married I feared I would not have any owing to my weak condition. I began taking Lydia E. Pinkham's Vegetable Compound and now I have a nice strong healthy baby girl. I am honestly saying that I did not suffer much more when my baby was born than I used to suffer with my periods before I took Lydia E. Pinkham's Vegetable Compound. I give all the credit to your medicine and shall always recommend it very highly."—Mrs. H. H. JANSSEN, Millston, Wisconsin.

How can women who are weak and sickly expect or hope to become mothers of healthy children? Their first duty is to themselves. They should overcome the derangement of debility that is dragging them down, and strengthen the entire system, as did Mrs. Janssen, by taking Lydia E. Pinkham's Vegetable Compound and then they will be in a position to give their children the blessing of a good constitution.

endearing words of love and then with a gay laugh that Fern had always loved so, she pulled her up from the bed, and taking down her hair began to brush it as of old and to exclaim, too, as of old, over its glittering beauty. "Let's pretend that you and I have never left this roof-tree at all. Let's be just as we always were. It will make us so much happier, dear, will it not? Now, we will never speak of all this terrible thing again—never—never. We start a new life right here, you and I, Fern darling. Avail! Forward towards the sun. No looking backwards."

NEWSPAPERARCHIVE

"WILD BILL" DONOVAN DIDN'T GET ANY FLOWERS WHEN HE TOOK OVER PHILLIES TO MANAGE

By N. A. NOYES.

(United Press Staff Correspondent.)

PHILADELPHIA.—"Wild Bill" Donovan didn't get any flowers when he took over the management of the Philadelphia Nationals. He just got verbal sympathy.

In aspiring to do what no other manager has accomplished since the days of Pat Moran, Donovan needs but one thing—a ball team.

With what he has at his disposal, Quaker City

fans will crown him a success if he lifts the Phils out of the cellar.

Minus an infield, with a mediocre pitching staff and a poor bunch of catchers, the Phils seem destined for the role of helping some other club win the race.

When Gene Paulette was banished by Judge Landis, the infield was reduced to Art Fletcher, a fading but reliable veteran. There are no first baseman, second baseman, or third baseman of dependable ability on the club.

Rawlings, the Millers and Wrightstone can wear

uniforms on the field suitably, but they can't play the brand of ball required for a winner.

Complete fall down of the scouting system gave Donovan nothing to look over this spring in the way of young players and his only hope to build up the infield rests on purchases or trades after the season gets under way.

Barring a preponderance of left-hand hitters, the outfield looks more like a baseball team with Williams, Neale, Meusel and Stengel and Lebourveau. The best of outfields, even by stopping balls that get by the in-

ner defense, cannot make a club a winner.

Mack Wheat and Withrow are back as catchers, but they probably will be displaced for regular work by Peters, formerly of Birmingham, and Bruggs, from Buffalo.

Lee Meadows, Jimmy Ring, secured from the Reds and Stan Baumgartner a youngster, seem to be the best of an inferior pitching staff. Smith, Causey, Hubbel, Ensmann, and Betts and Weimer complete the list. Outside of Meadows and Ring, there is not a dependable hurler in the bunch.

LEGION BOXING SHOW TONIGHT VETERANS AID ALLOW BOXING PLAYERS TURN OUT AT MEMORIAL HALL ROOKIES IN TRAINING. IN KANSAS SUNDAY DESPITE CHILLY WINDS BY LAW

Joe Sullivan, the 155 pound Toledo leather pusher, is in Lima ready for his bout tonight at Memorial Hall with Gabe Gulhart, the Pacific coast heavyweight champion.

"Pig Iron" Turner was taking a light workout Monday morning at the Locomotive club, for his semi-final bout with Walter Staley, of Sidney. They are to weigh in at 145 pounds.

"Speck" Kasler, the 145-pound Delphos slugger, says he is "setting pretty" for his preliminary battle with Jack Dagnon, the New London fighter.

All in all, the card will bring more pounds off beef than action than any staged here for several seasons. The net weight of the six fighters totals 950 pounds, or 50 pounds less than half a ton.

The sale of seats Monday morning surpassed the expectations of Legion promoters.

A delegation of over 100 fight fans from Delphos have reserved a section to themselves, being probably more interested in the outcome of the Kasler-Dagnon preliminary. Kasler, who hails from Delphos, has the ear marks of developing into a real mitt artist.

His home-town fans are back of him 100 per cent, and they are of the unanimous opinion that the New London boy will not last long when their favorite gets going.

Ticket sales from other surrounding towns was large Saturday, and indications are that Memorial Hall will be packed when Referee Maxwell calls the first bout.

CARDS LUCKY IN PICKING UP STARS

BY SID KESNER (Sport Editor St. Louis Times) (Written for the United Press)

ST. LOUIS, Mo.—One genuine baseball find and one break have been brought in by the St. Louis Cardinals this season.

The find is Arthur Riviere, a 21-year-old right-hand pitcher from the Texas bushies, and the break is George Toporcer, New York semi-pro, who plays second base and wears glasses.

Both have clinched the team.

CHANCE IS PENDING

Pennant prospects for the Cards swing around the improvement in pitching and the chance of having three regulars out of the new material.

Besides Riviere, Roy Walker, from the Southern League, and Bill Pettigrew, from the Pacific Coast League are fine pitching prospects.

WALKER'S "SMOKE BALL"

Walker, a lean right-hander, with a "smoke ball" has made the grade, but Pettigrew has not entirely passed the test.

Jess Haines is expected to do the best work of last year's regulars. Manager Richey knows that he was overworked last season, expects him to be one of the best hurlers in the big league this season.

PROBLEM IN OUTFIELD

The outfield offers a problem with Clarence Mueller, a 21-year-old St. Louis semi-pro; Henth, McHenry, Mann, Shotton and Schultz fighting for places. The situation promises to be a mixture all season.

The infield also became complicated with the refusal of Milton Stock to report. Hornsby was transferred to third base and has been doing well and Toporcer is getting the chance at second base with Janvrin ready to step in if he fails. Fournier is back on first base and Lavan is still at shortstop.

THREE CATCHERS REMAIN

Eight catchers started the spring training season, but only three remain. They are Vernon Clemens, Bill Dithoefer and Lew McCarty.

Richey expects much of Bill Doak, Ferdie Schupp, Jake Moe and Bill Snerdell, who form the backbone of his pitching staff. Lew North, who joined the club last summer from the American Association, also may develop into a winning hurler.

HAVE HEAVY BATTERS

The dope on the Cardinals for 1921 runs chiefly to batting. They led the league last year in team batting and promise to repeat this season. Hornsby should have even a better year than last year, when he led the league with the stick and he will be invaluable to the club.

Whether the pitching will improve sufficiently to put them in the pennant race, remains to be seen.

At any rate, Branch Richey is not out with a forecast along pennant lines.

THE LIMA STORAGE BATTERY CO.
220 W. Elm, Corner West
WILLARD SERVICE STATION
MAIN 4781

MICHIGAN TO REGRET LOSS OF PARKS

ANN ARBOR, Mich.—Eighteen games won out of 19 pitched is the two year record at University of Michigan by Vernon L. Parks, who resigned recently as captain of the Wolverine nine following discovery that he had pitched for the Portland club of the Pacific Coast league last year.

In both 1919 and 1920 Parks pitched the Michigan "Big Ten" championships. During the first season he won every game in which he played. In 1920 he lost the final game with Illinois, played after Michigan had clinched the title.

PITCHED SEVEN GAMES

Parks pitched seven games during the 1919 season, six of them conference engagements. His batting average for that year was .264.

In 1920 he hurled 12 games, striking out 99 men during the season. His batting average last year was .244. In a single game last year he struck out 17 men and in another 16.

SPORT WIRE BRIEFS

NEW YORK — George Kelly's homer, with two on, enabled the Giants to beat Washington here yesterday 7 to 5. Bancroft played three innings and may start the opening game.

NEW YORK — Georges Carpentier, will train for his bout with Jack Dempsey for the world's heavyweight championship, in Summit, N. J., according to Gus Wilson, his trainer.

Before returning to France last fall, the Frenchman made all arrangements to do the preliminary work on a farm owned by a friend, Wilson said.

According to present plans, Carpentier will arrive and start work around May 14.

HUGGINS HAS A MOB OF PLAYERS

If ever a ball club was like the "old woman in a shoe," it is the New York Yankees.

Miller Huggins has so many players he doesn't know what to do.

The American League representatives of the metropolis will start the season with two high class teams—one on the hill and the other on the bench.

PAID FOR EACH PLACE

While other clubs are in desperate straits for one good player in every position, the Yanks have a pair.

For first base, Huggins has Pipp, Ruth or Meusel.

For second base, Fawcett, Ward or McNally.

For shortstop, Ward, Peckinpough or Mitchell.

For third base, Ward or Baker.

In the outfield, Ruth, Roth, Meusel and Bodie.

In addition, there are a lot of high class rookies.

No matter what combination he selects, Huggins probably will have a couple of 300 hitters doing bench duty all season, who might put some other clubs in the pennant race.

But Huggins has the market cornered on "reserves first class" and it's a cinch he's not going to get liberal with his fellow managers when their pennant stock might increase by a donation.

The Yanks have the greatest reserve power in the major leagues, but Huggins may need every bit of it before the season ends.

Plug Bodie has a bad leg and may be worthless after July when he generally begins to wilt. Babe Ruth has a habit of straining his back or wrist in leaping after them.

Ward has a tendency of getting in the way of spikes. Fawcett is not sure he will be able to stand the hot weather. And also there is the percentage of injuries in the lot of duty that every manager faces.

BAKER MAY LEAVE: Frank Baker may also leave the club. He is peeved because Judge Landis questioned him about some independent baseball activities last summer and it is reported he will resign to the same circle since his eli-

PACIFIC COAST CHAMP FIGHTS HERE TONIGHT

GABE GULHART

Here's the heavyweight champion of the Pacific coast, who battles Joe Sullivan, 185 pound mitt artist of Toledo, at Memorial Hall tonight in the main go of a boxing show being put on under the auspices of the American Legion.

Gulhart has been training consistently here for the past three weeks, getting in shape for the fight tonight.

He is matched to fight Fred Fulton in New York later this month.

HAYANA — The scene in the championship chess match here stood today

Games Won Lost Drawn
10 2 0 8

Emanuel Lasker:
Games Won Lost Drawn
10 2 0 8

Champion Lasker admitted defeat on the 64th move of the game last night. He continued to play, however, to the 68th move in order that spectators might see how the loss was inevitable.

KANSAS CITY, Mo.—The Cubs walloped the Kansas City Blues yesterday 10 to 5. They slammed out 18 hits, including a home run by Twombly.

MILWAUKEE — The White Sox closed their spring training here yesterday, with a 4 to 3 victory over the Milwaukee Brewers. The Sox open the season at Detroit Wednesday.

ST. LOUIS — The Browns won the city title yesterday by winning the spring series from the Cardinals 5 to 4.

NEW YORK — Known gamblers will be barred from the ringside at future boxing contests by a rule to be passed this week by the state boxing commission, it is understood. The commission will furnish all promoters with a list of gamblers, whose presence "will not be desired."

NEW YORK — Babe Ruth hit a homer yesterday but his muffed fly enabled the Brooklyn Robins to defeat the Yanks 5 to 4, in a 12-inning game before 22,000 fans.

(By CHARLES E. HUGHES)

PASADENA, Cal.—The war has wrought a wonderful change in the training tactics of the Chicago Cubs, who have been getting into fine shape here and over at Avalon, Catalina Island.

A few years ago it used to be the custom in some training camps—and the Cubs' quarters, it is said, was no exception—for the veterans to haze the "rookies" and make life generally miserable for the newcomers for several weeks.

HAVE HEART STUFF

It seems that the older players believed the youngsters should be made to regard the ones at the top of the ladder with considerable awe.

This year an entirely different spirit prevails in the Cubs' camp.

Imagine if you can, you faithful fans, the sight of Big "Jim" Vaughn or Alexander, "the great," together with "Bill" Kilmer, the star catcher, struggling patiently with a "rookie" pitcher for hours at a time to show him the "inside stuff" that famous moundsmen are continued as a pacer but for the fact that one day she became scared, broke into a trot and simply ran away at the square gait.

THRO WHOPLES AWAY

That afternoon Jeannette Rankin's hopples were thrown away. From then she was trained as a trotter. Her development was starting.

Two months later she negotiated a Maine half-mile course in 2:16 in such a handy fashion that the horse world sat up and took notice. Several offers were made for the mare, but none approached the desired figure until Lou McDonald acting for George Dudley of Youngstown, O., appeared, watching Jeannette Rankin perform and then paid the demanded price, though it was a long one.

GIVES A SURPRISE

The McDonald stable was then at Hartford. Jeannette Rankin was carried along and worked carefully thru the remainder of the Grand Circuit season. When Columbus was reached Jeannette Rankin had learned a lot under McDonald's teaching and worked a mile in 2:07 1/4.

When at Lexington Lou decided to send Jeannette Rankin for an official time record. She got an official time of 2:06 1/4 and proved that she was possessed of two-minute speed. The mile was run from evenly rated, the first quarter being stepped in 34 1/2 seconds, a clip that did not indicate a sensational mile.

TURNS ON THE GAS

But, after passing the quarter post, McDonald began to turn on the gas and Jeannette stepped the second quarter in 30 1/4 seconds, the third in 29 3/4 and the fourth in 31 1/4, making the time for the middle half an even minute and 1 3/4 for the final three-quarters.

Geers saw Jeannette Rankin step to her time record. This winter he has watched her closely and time and again has pronounced her the leading candidate for 1921 trotting honors.

GEERS IS PLEASED

Geers is not the only trainer who thinks extremely well of Jeannette Rankin's chances, tho she will be pitted against some of the greatest trotters that ever looked thru bridles. Her first start of the year will undoubtedly be in the Tavern Stake, \$5,000, 2:14 trot of the opening Grand Circuit meeting at North Randall the week of July 4.

All sports formerly restricted to men will be indulged in at the Olympic games for women to be held in Monte Carlo, from March 24 to 31. There will be basketball, football, running, jumping, hurdling, javelin throwing, swimming and weight throwing, swimming and represented from England, France, Italy, Scandinavia and Switzerland.

TOPEKA, Kansas — Private clubs and organizations may hold boxing bouts in Kansas, by the grace of the 1921 legislature.

In effect, the enactment repeals the stringent anti-boxing law which has been on the statute books nearly 40 years. It limits the boxers to amateurs but provides that admission may be charged.

Of the numerous attempts to repeal Kansas "blue laws" during the recent session of the legislature, passage of the boxing bill was the only one that succeeded. It won, however, only thru a spirited fight, after a former bill to repeal the anti-prize fight law had met with defeat.

The movement to legalize amateur boxing bouts was championed by the American Legion whose leader in this particular was the Rev. Earl Blackman, pastor of the Christian church, Chanute, Kansas, who gained the title of the "Fighting Chaplain" of the Thirty-fifth division overseas thru his prowess as a boxer, referee and ring enthusiast.

Two weeks from next Sunday the season opens in Lima, when the Springfield Maroons journey here. A week prior the Lima team is scheduled to play the Lincoln Lites in Port Wayne.

Manager Halloran has just a short time to get his team together before their first game.

Following the appearance of Springfield here on May 8, the next Sunday will bring the Defiance team.

On Saturday and Sunday, May 29 and 30, the Norwoods of Cincinnati will be here for two games.

BOSTON AMERICAN DEFEATED, 6-5

BOSTON, Mass.—The Newark, N. J., International League baseball team defeated the Boston Americans 6 to 5 yesterday, advancing from the New Jersey city and today.

Muffled in sweaters to brave the chill winds of yesterday which swept Louisville, Ky. the 1921 League baseball team trounced the Louisville American Association aggregation 7 to 5.

Despite the chilly winds which swept over the Murphy-st ball park all day Sunday, about 25 prospective ball players turned out for their initial try-outs for berths on the Lima semi-pro baseball team.

Overcoats, heavy sweaters and blankets helped to keep the shivering players warm as they waited for their change on the field while grouped in the bat box.

Bernie Halloran, manager of the team, did not make any decisions Sunday but has several local boys under consideration for responsible positions.

During the coming week he will call those in mind out to the field for private try-outs, and it is probable that he will announce the prospects in the next couple of days.

In the meantime negotiations are going on with players of known repute. Among them are several from the disbanded Toledo Rail-Lights, the Dayton Rubbers and other teams in this section.

Two weeks from next Sunday the season opens in Lima, when the Springfield Maroons journey here. A week prior the Lima team is scheduled to play the Lincoln Lites in Port Wayne.

Manager Halloran has just a short time to get his team together before their first game.

Following the appearance of Springfield here on May 8, the next Sunday will bring the Defiance team.

On Saturday and Sunday, May 29 and 30, the Norwoods of Cincinnati will be here for two games.

Help! We're running out of Blue Devil ads.—\$25 for best, \$5 for every new one we use.

GERMAN PLOT IS UNEARTHED

Forces Mobilized in Upper Silesia Ready to Strike

PARIS—(By Associated Press.)—Despatches received from the allied commission in Upper Silesia which supervised the recent plebiscite there, declare a complete German military organization, with a full battalion in each district has been discovered in this region. The entire force, numbering twenty battalions, with a full complement of machine guns and other arms and munitions, is ready for action, the message asserts.

Most of the German functionaries in Upper Silesia are alleged to be involved in a plot to employ force, in case the German claims for Upper Silesia are rejected by the allied supreme council. The Germans had considerable majority in the total plebiscite's vote but important sections voted in favor of Poland.

Sale to start 1 o'clock sharp at L. L. Miller, Auctioneer.

DELPHOS PEOPLE GIVEN \$600 TO BUY STONE FOR USE IN GOOD ROADS DAY

Representatives of the Delphos Community club were before County commissioners Monday for stone to make repairs of roads on Good Roads' Day—Friday.

They were asked to build up three main roads out of Delphos and were the volunteer work to be provided that day, figured they could accomplish a great deal. They ask commissioners to grant them money with which to purchase stone for repairs.

The amount of \$600 was allowed, which under the law is the minimum amount of \$200 to be expended on each road. They will buy stone at a quarry near Delphos. Trucks which have been donated for use that day will haul the material to place most needed.

SOME WATER!

Eight hundred and sixty-three million gallons of water are now held in the city reservoir, according to Service Director Elmer McClain. This is the largest supply of water that the city has ever had impounded at one time, it is said.

TRAFFIC VIOLATION

W. L. Cruise, 31, of 12945 Cedar Run, was fined \$1 by Judge Emmett Jackson in criminal court Monday morning, charged with cutting corners with his automobile.

COMMUNITY CHEST FUND ASSURED

Nearly Two-Thirds of Total Subscribed Up to Monday

\$4,000 IS PLEDGED BY ELKS

Drive to Continue Thru the Week, Wheatley Announces

Week-end activities of the Community Chest workers almost doubled the amount previously subscribed and brought the total for the fund up to \$18,551, almost two-thirds of the total of \$30,000 needed to fill the chest and provide money for financing local welfare organizations.

The total amount reported since Friday is \$7,295.66, of which \$4,000 is pledged by the Elks, to be raised at their carnival.

DRIVE TO GO ON

General A. W. Wheatley announced at the noon meeting of workers Monday at Trinity M. E. church that the drive will continue thru the week and an reorganization of workers will be effected to increase the efficiency of the drive machinery. The women workers have practically completed their task and will now assist the men. The entire field of operations is thrown open to all the workers.

It is thought that a large amount was subscribed in the churches Sunday, but reports had not been completed for a report Monday.

Every one of the city's 39 firemen pledged \$5 to the fund, making a total of \$245.

The girls at the Lima Telephone company plant pledged \$71.50 and it was reported that this amount will be increased.

"There is still a great deal of ground to be covered," General Wheatley told his workers Monday. "We will continue until we have obtained our quota. There will be no more meetings until Saturday afternoon at 4 o'clock and I believe at that time it will be reported that the community chest is filled."

DEEDS MAKES RECORD

C. E. Deeds of the retail stores division, has made a record by reporting not less than \$100 each day of the drive. He and his squad have raised \$1,652.

St. Martha's Guild has pledged 15 per cent of the receipts from its come opera to be given at an early date.

Major Austin Potter's office building division reported \$487.50 for the week-end. Major C. A. Hiett's retail stores division reported \$1,055.50. The women's club division reported \$436.00. Major Leslie Webb reported \$296.00. Major Chalmers Brown's division reported \$770.70. Major Cole's church and fraternal division lead with \$4,042.00.

ELKS PLEDGE \$4,000.

Some of the largest subscribers for the week-end are: The Elks, \$4,000; J. Borgers & Sons, \$100; Employees of the Lima Telephone Co., \$71.50. The Leader Store, \$50; The Bar Hotel, \$40; Fairport Opera House, \$50; Edgeton Thompson, \$30; P. Read Marshall, \$20; D. John, \$20; L. O. Reed, \$20. W. H. Harper, \$25; E. W. Morris, \$25; Gus Gustas, \$25; W. W. Powers, \$25 and S. P. Sander, \$25.

COMMISSIONERS PLAN FOR GOOD ROADS DAY

Allen-co commissioners made a personal investigation of condition of the roads in the county Monday afternoon.

The object is to determine the most good which can be accomplished Friday, Good Roads day. When volunteer work is over, they expect to be able to have done away with complaints which every day reach the commissioners' office of the bad roads which travelers must incur.

Commissioners covered many miles in their trip over the county Monday to secure the information.

WILLS PROPERTY TO CHILDREN.

Mrs. Charlotte Sanders, who died in Auglaize-co on March 23, left all her personal property to her two sons, Guernie and Blaine Sanders, according to the provisions of the will, probated here Monday. She had previously disposed of her real estate. Her son Guernie Sanders, was named executor.

LODGE NOTICES

Lima Marathon Guard club will meet Friday at Delphos, instead of Tuesday, leaving this city over the Ohio Electric Railway at 12 noon.

Fresh Eggs for packing at Piper's.

SHERIFF'S SALE

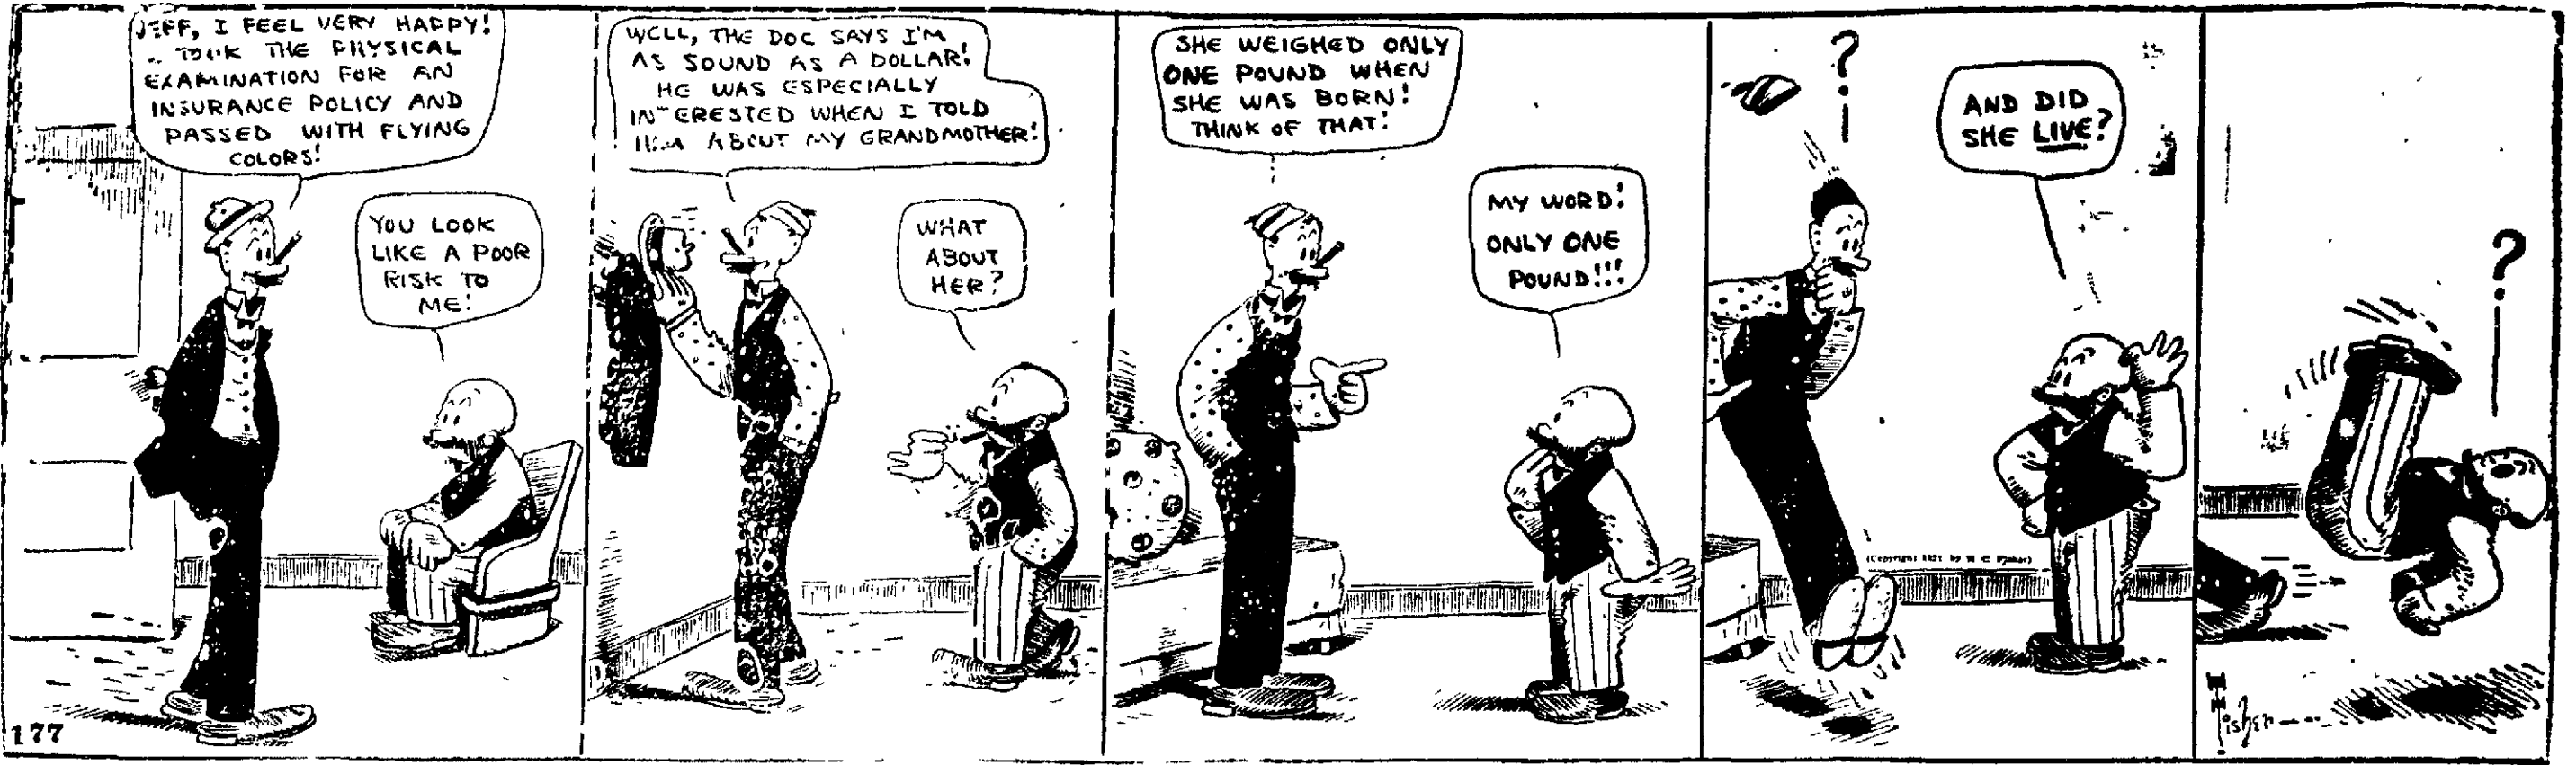

Ex. Dec. 25 Case No. 18900 Page 14500
Howard C. Chandler Plaintiff.
George G. Gandy, et al., Defendant.

I will offer or sale at the east door of the Court House in Lima, Allen County, Ohio, on April 14th, A. D. 1921, between the hours of 10 o'clock and 11 o'clock A. M., the following described lands and tenements, situated in Jackson Township, Allen County, State of Ohio, and described as follows, to-wit:

Commencing for the boundary of the same at the southeast corner of the northeast quarter of section twelve (12), township three (3) south, range eight (8) east, thence running north on the county line road thirty-two (32) rods; thence

MUTT AND JEFF—FROM THE PUNCH MUTT PACKS, WE'D SAY HE'S IN FINE CONDITION—

By BUD FISHER

SHORT SHAVINGS

Councilman Earl Rohn and a party of associates from the Old National Bank took a little fishing trip down to Indian Lake the other day. When it came to catching fish however, no great success was met by anyone except Rohn. When the catch was counted up he claimed to have caught 12. He explained the fact that he only had five by showing the hole thru which the other seven had escaped. The rest of the party declared that the story had a fishy smell.

"Oh, dear, I hope I'm not too late for the big picture," exclaimed the stout lady as she hustled into the darkened movie theater.

"Don't worry, lady," said the usher. "They're only up to the name of the fourth assistant cameraman."

A stranded but still haughty actor who was obliged to put up at a dilapidated country hotel, remarked, as he glanced frowningly about the office, reluctantly signed the register, and took the brass key from the proprietor, "Is there any water in my room?"

"There was," replied the proprietor, "but I had the door repaired."

A comedian tells of a colored peace officer who came on the "lot" seeking a mulatto charged with the "crime" of stealing a ham.

"You can't find him running around in this blind fashion," said the comedian. "Don't you know"

NEARLY DROVE ME WILD SAYS CINCINNATIAN

Mrs. Kushill Says Syrola Gave Her Complete Relief From Terrible Itching

"There is no medicine like Syrola. I can say that with perfect confidence because I used everything recommended for my trouble and got no relief until I took Syrola," recently declared Mrs. Katherine Kushill, 1633 Linn-st., Cincinnati.

"I expect my blood was out of order, for I was tormented constantly by itching all over my body, and particularly on my scalp. It nearly drove me wild, for I was never free from it—not even at night when I should have been sleeping. I went to doctors and took any number of treatments, but without getting the slightest relief."

"I was willing to do most anything to be rid of that awful itching because it made me nervous, robbed me of my sleep and appetite and sapped my strength. A friend told me about Syrola, and I got some right away. Three days later the itching disappeared and I haven't been troubled since. My nerves are recovering nicely, I sleep fine at night and my appetite has returned in full force. In fact everything tastes better than it has in years."

Syrola, by cleansing the stomach, liver, kidneys and bowels, acts with beneficial effect on the blood. To have good, rich, red blood in your cheeks, bright eyes, a hearty appetite and restful sleep put your digestive organs in shape with Syrola. Syrola is being introduced by a special laboratory representative at the Public Drug Store 112 N. Main-st., Lima—Adt.

what he looks like? Can't you supply description of some sort?"

"Yes, sah, de certainly can," replied the plainly puzzled officer. "I'mime see—as a commlence, I He's got a 'smooth chin on a tough voice."

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system. If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for colic—now and then just to keep them fit, 15c and 30c.

WINTER WHEAT FLOUR

ANNOUNCE A Selling Event Most Extraordinary For One Day Only

Wednesday, April 13th

100-DRESSES-100

\$25

Actual \$40 to \$60 Values

MATERIALS: Canton Crepe, Taffeta, Crepe De Chine, Tricoline. STYLES: Straight Line, Basque Effects, Ruffled Tunics, Redingote. COLORS: Navy, Brown, Black, Grey, Henna. TRIMMINGS: Sashes, Medallions, Embroidery, Beads, Corsages.

The Facts About This Great Event

The efforts of our entire buying force has been put forward for the past four weeks to secure these dresses from America's Foremost Dressmakers. Because of the enormous quantities of merchandise that our stores located in various cities use, the Makers have seen fit to make tremendous price concessions for this most Extraordinary E

It is a pleasure to know that these dresses are not those which might have been in stock, and were marked down, but are crisp new goods having never before been in our stock and will remain here for one day's selling only.

As it is our usual policy of giving the public full advantage of our enormous buying powers this is but one more example of the justly famous Leiser service.

Special Note

For this one day, Wednesday, April 13th, our store will be turned over to this great Selling Event so that we can give the public the full benefits of the famous Leiser service. Remember that on this day we will positively sell only these dresses, which to our judgment are truly phenomenal values. All other departments will be closed for this day, so that our entire sales force can readily serve you

PRICE THREE CENTS

FAKE TAX MEN COLLECT FROM LIMA PEOPLE

Pasquale Treglia, Laborer, Swindled Out of \$82.40 by Smooth Strangers, Who Represented that Tax on His N. Jackson-st Property was Delinquent

Game Tried on Others, but Failed—Receipt Given for Money Collected by Charles Dennis—Foreigners Only Approached

In at least one instance, according to information received Monday morning by Allen-co Treasurer Lehr E. Miller, clever swindlers succeeded in collecting money from a Lima property owner, as delinquent taxes, Saturday.

Pasquale Treglia, a laborer, 707 N. Jackson-st. brought to the treasurer's office Monday a receipt given him by a swindler representing himself to be Charles Dennis, Deputy Tax Collector No. 17, for \$82.40 which Treglia paid on Dennis' representation that the amount was due as back taxes for 1915, 1919 and 1920.

Treglia paid \$82.40. Treglia said that his property should be on tax duplicate for \$1,000, instead of \$1,050 and that his property was in danger of confiscation. When told that he could settle for less money than it would cost him at the office of the county treasurer, Treglia handed over \$82.40.

The fake tax collectors are young men, dressed in both ways, and of some sort, flashed as an insignia of office. They worked industriously Friday and Saturday, informing those from whom they failed to collect money that they must report at the office of the county treasurer Monday.

The swindle was not disclosed until property owners who had been approached by the strangers began to come in.

TWO MEN KILLED BY TRAIN AT OTTAWA SUNDAY

OTTAWA — (Special) — Clint Bird, veterinarian and Harry Giesken, young farmer, met instant death here at the Second-st crossing of the D. & O. railroad Sunday at 11:55 a. m., when a north bound passenger train struck an automobile in which they were riding.

Bird was instantly killed. His head was crushed and his body mangled beyond recognition. Giesken received a fractured skull, broken shoulder and internal injuries and died at 2:30 p. m., at the home of Joseph Leopold nearby, where he had been removed. Bird's body was taken to the Heringhaus & Pope undertaking establishment, to be prepared for burial.

SUPREME COURT DURING ROBBERY RECONVENES IN WEST END

Important Cases Before Highest Tribunal for Disposal

WASHINGTON — (By Associated Press) — Reconvening today after two weeks' Easter recess, the supreme court entered upon a solid month of argument of cases which will conclude the "October term, 1920."

Following the custom of many years the court will suspend arguments about the middle of May and will convene publicly not more than twice thereafter, on decisions days, before adjourning sine die June 13 or 20.

Several cases of national importance were listed on the "possible" list of decisions today. These included the appeal of Senator Truman H. Newberry, from conviction under the corrupt practices act; the New York-New Jersey suit over the Passaic valley sewerage system; Arkansas, Mississippi boundary case; North Dakota-Minnesota indemnity case; two cases involving the right of organized labor to picket during a strike, and liability of a national for damages caused by a strike and the "Child Labor case."

Arguments are scheduled for this week in the suit brought by Georgia banks to prevent alleged coercion by the Federal Reserve Bank of Atlanta, Ga.; the government's appeal in the Western Union case, involving the right of that company to complete its lines to Miami, Fla., without official permit, and a re-argument of the American Hardware case, which is a suit to prevent an alleged illegal combination of lumber dealers.

BEATEN TO DEATH
CLEVELAND — Wong Lee was found beaten to death in his laundry here early today. His cash drawer had been rifled. It is believed the crime was committed during last week.

Jason Benedetto, 1040 Forest-ave who had purchased a property from G. K. Ferrall, had it on the tax duplicate for \$1,180. The collectors informed him that it should be listed for \$1,500, even changing the figures on his tax receipt. Benedetto was skeptical and refused to pay nearly \$100, which the strangers demanded as a compromise settlement. He was then ordered to report at the county treasurer's office Monday morning.

SELVAGGIO REFUSES TO PAY
Frank Selvaggio reported to County Treasurer Miller Monday that when the unauthorized collectors called at his home Saturday, they represented that his property was listed at the wrong valuation and tried to collect \$75.00. He was told that if he paid at the court house Monday the amount would be \$10. Selvaggio refused to pay. He said the collectors carried small note books and receipt pads.

Other similar instances were reported to Treasurer Miller during the day Monday. In only one case, that of Treglia, did the men secure money, so far as is now known. The fact that only men of foreign names, property owners, were approached, indicated that the swindlers believed that their lack of knowledge of affairs of taxation would make them easy victims.

County Treasurer Miller stated Monday that he had authorized no one to collect delinquent taxes.

GOING TO AID OF SICK COW

Giesken, aged 22, was a son of County Commissioner Frank Giesken. He came to Ottawa to secure the services of Dr. Bird to care for a sick cow at the Giesken farm. They stopped at the gasoline station on Second-st. for a supply of gas for the auto and had just started for the Giesken farm when the accident occurred.

Bird met with a similar accident at Columbus Grove two years ago, when he and his wife were driving to Lima. Both were injured at that time, but not seriously. He is survived by his wife, a son and one married daughter, residing in Lima.

SKETCH OF HER LIFE

Born in civic Princess Victoria of Schleswig-Holstein, died an ex-patriate, at the age of 63. She was born October 22, 1858, before the German Empire had become solidified and while her home country was still at war.

Its union with the German empire became complete when on February 27, 1881, she married Wilhelm, the crown prince.

Wilhelm II succeeded to the throne March 9, 1888.

During the time the emperor was building up the empire, preparing for the great campaign to extend his territories, the Kaiserin devoted herself to her home. Her chief claim to fame was her ability as hausfrau.

She never aspired to shine in court festivities. Her husband calmly said of her:

"The poor dear is such a tramp." She delighted in supervising the household affairs of the Kaiser's magnificent establishments.

Another delight was her seven children. These were the Crown Prince Friedrich Wilhelm, Eitel Friedrich, Adolf, August Wilhelm, Oscar, Joachim, and Victoria Louise.

The constant warfare between the crown prince and the emperor caused her much worry and she spent much time in attempting to reconcile their many differences.

During the war she was thrown into the background by her resplendent husband. She was said to grieve genuinely over the suffering caused by the war and did a great deal to comfort those who lost relatives. She contributed much to the German Red Cross and did some hospital work.

CITY RECEIVES BIDS ON STREET MATERIALS
Bids were received on street repair materials at the office of Service Director Elmer McClain Monday noon.

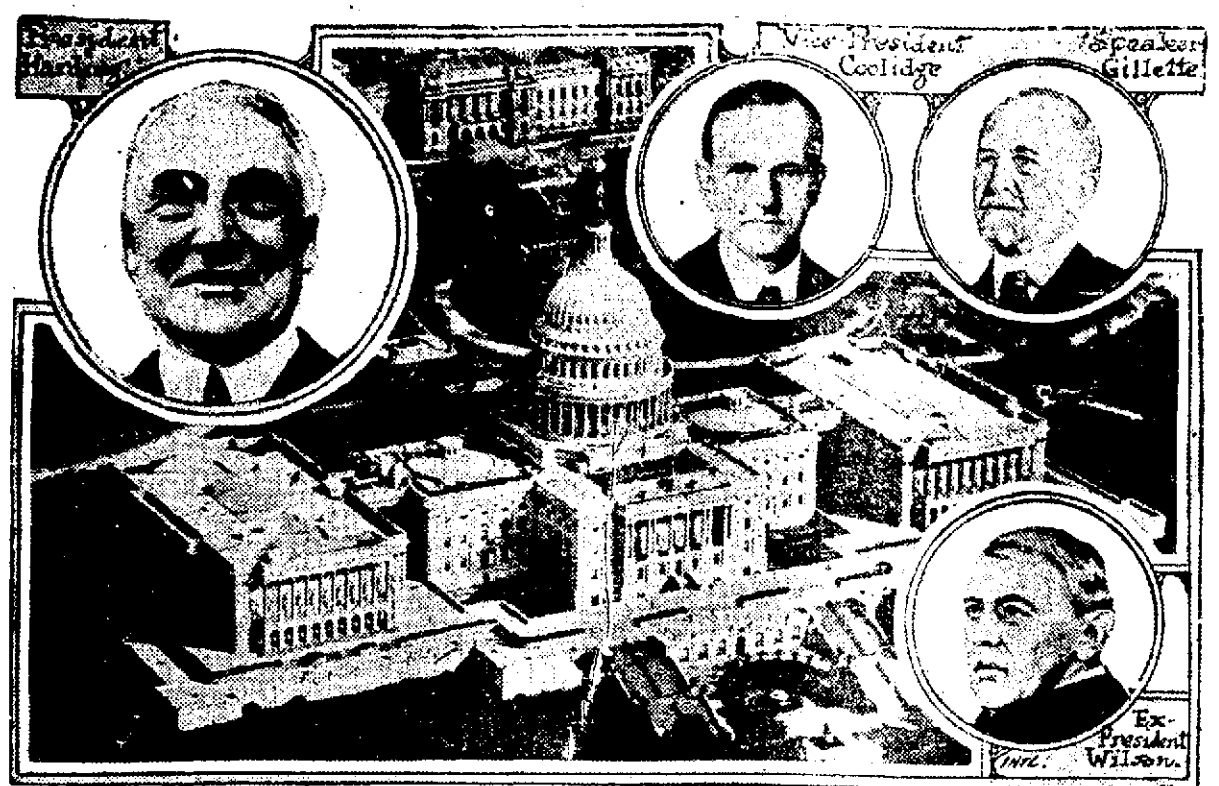

The Kentucky Rock Asphalt Co., of Columbus, bid \$16.12 1-2 per ton on 185 tons, or two car loads, of natural rock asphalt.

The Barrett Co., of Cleveland, bid 24 1-4 cents per gallon on 4,000 gallons of tar cut block and 23 1-4 cents per gallon on 20 barrels of tar binder.

No bids were received on 20 tons of petroleum asphalt.

Service Director McClain announced that the contracts will be awarded late in the afternoon to the firms that bid.

NATION'S LAWMAKERS IN ACTION

EX - EMPRESS OF GERMANY DEAD

Former Kaiserin Dies of Heart Disease, in Holland

NEVER KNEW OF SON'S DEATH

Not Told of His Suicide—Funeral Services Tomorrow

DOORN, Holland — (By United Press) — The former empress of Germany, Augusta Victoria, died here at 6 a. m. today.

Warned by the long illness of the Kaiserin, most members of her family were at Doorn when death occurred.

The empress was a victim of heart trouble. The illness was aggravated by worry of the world war and the Kaiser's flight into Holland in the fall of 1918.

FREQUENT ATTACKS
Attacks of her fatal malady occurred at frequent intervals, each sapping her vitality and nullifying the measures taken by specialists to restore her health.

When her son, former Prince Joachim, committed suicide in Berlin last July, she was in such serious condition that the news of his death was kept from her for a long time and it is said she never learned her son killed himself.

The funeral will be held at Potsdam, where the empress reigned for 30 years. The body will be taken there Wednesday after brief preliminary services here tomorrow.

Only members of the family will attend the ceremonies in the chapel here.

It has not been decided as yet whether the ex-Kaiser can accompany the remains to Potsdam. It would be his first visit there since 1918. Others of the family will make the journey.

SKETCH OF HER LIFE
Born in civic Princess Victoria of Schleswig-Holstein, died an ex-patriate, at the age of 63.

She was born October 22, 1858, before the German Empire had become solidified and while her home country was still at war.

No bids were received on 20 tons of petroleum asphalt.

Service Director McClain announced that the contracts will be awarded late in the afternoon to the firms that bid.

IMPORTANT MEASURE BEFORE CONGRESS

Important measures to be brought before the special session of congress, convening today, and in the order given are as follows:

The Fordney emergency tariff bill.
Tax revision.
Curtailed of immigration.
The Calder coal bill for publication of coal information.
The packer control bill.
Cold storage regulation.
Patent office reorganization.
The Townner maternity aid bill.
The Watson bill liberalizing the war risk insurance act.
The Philippine and Porto Rican independence.
Amnesty for persons convicted under the espionage act.
Restriction of allied loans.

OHIO FRUIT HARD HIT BY FREEZE

Crop Badly Damaged as Temperature Drops to 26

COLUMBUS — (By Associated Press) — With the temperature dropping to 26 above zero here early this morning, weather bureau officials, while without definite reports as yet, were positive that severe damage to fruit and crops must have resulted from last night's freeze and frost.

Horticulturists and orchardists expressed fear today that much of Central Ohio's fruit that escaped killing frosts a week ago fell victim to last night's blight.

"The damage will be very heavy and all varieties of fruit will suffer," said Professor Wendell Padlock, head of the department of horticulture and forestry at Ohio State University.

General use of orchard heaters and smudge pots was reported in Central Ohio by large commercial fruit growers.

Reports from over the state indicate that freezing temperatures were general last night. Ottawa-co fruit growers, according to word received here, believe that, although peach trees have been in full blossom for the past week, the crop was not seriously damaged. Reports from various sections indicate that a temperature of nearly 30 degrees was reached at most points in the peach belt.

REPORTS OF DAMAGE
WOOSTER — Horticulturists at the Ohio Experiment Station here feared today that the cherry, plum, pear and peach crops in northern and central Ohio were almost wholly destroyed by the cold weather and heavy frost last night.

LORAIN — Frost did \$300,000 damage, it was estimated this morning, to apple, peach and pear orchards in Lorain county last night. Cherries and plums were blighted in a freeze ten days ago.

YOUNGSTOWN — Fruit in the Mahoning valley was virtually ruined yesterday by a temperature of 26 degrees, preceded by rain and sleet and followed by a bright sun, according to orchard owners' reports today.

The loss in Mahoning, Columbiana and Trumbull counties runs into millions, it is estimated.

SPRINGFIELD O. — Clarke-co fruit growers estimate the damage caused to crops in this county by the frost at approximately \$100,000. It is said that about half of the crop is ruined.

LIMA MAN LOSES
Announcement Monday at the White House of the appointment of Colonel Edward H. Shaughnessy of Chicago as second assistant postmaster general ended all hope of the political plum coming to Lima.

Until the announcement was made, it appeared that A. Korshaw, N. Charles-st, was favored for the place. He had the backing of Senator Frank B. Willis as well as a number of other powerful politicians.

Korshaw is chief mail clerk on the Pennsylvania between itsburgh and Chicago.

Nothing is known here if Col. Shaughnessy. His appointment came as a surprise.

STRIKE COSTS 16 MILLIONS A WEEK

Britain Paying This Sum Because of Miners' Walkout

PEACE PARLEYS ON TODAY

Differences, However, Are Still Acute. Reports Say

LONDON — (By Associated Press) — British mine owners and their striking employees conferred for an hour at the board of trade this morning on a possible settlement of the controversy which led to the miners' walkout last week.

The conference adjourned at noon until 4 o'clock this afternoon. Robert S. Horne, chancellor of the exchequer presided.

The London Times today warned its readers against expectation that the negotiations would proceed smoothly, or that work would be immediately resumed as the fundamental differences between the parties still remain acute.

COST OF STRIKE
Estimates of the cost of the miners' dispute to the country, including the loss of unmined coal, unpaid wages, decreased railway traffic and the cost of emergency measures place the bill which the country is paying, because of the strike, at nearly 16,000,000 pounds per week.

Leaders of the "triple alliance" of labor viewed the situation today as being considerably improved. John Robert Clynes, chairman of the parliamentary party being quoted as saying he was satisfied a solution of the problem could be found.

LABOR'S CLAIMS
The Daily Herald, organ of labor, declared "the first round has been won by labor," adding that reports of rail men opposing the strike were untrue or grossly exaggerated.

Information has reached the government, says the London Times, that everywhere but in Fife-shire the miners are observing instructions from their officials not to interfere with safety measures and pumping, which have already been begun in South Wales and elsewhere.

U. S. NOTE DOESN'T PLEASE JAPAN
Need of Another Peace Conference Seen at Tokio

TOKYO — (By Associated Press) — Newspapers of this city have given great prominence to the note from Charles E. Hughes, American secretary of state, to the allies relative to the subject of mandates in general and that over the Island of Yap in particular. There has been no official comment, but in responsible unofficial circles the opinion is held that the American note virtually implies another peace conference.

Statements made by Vice Admiral Tomosaburo Kato, minister of Japanese naval policy are regarded here as intended to answer charges that Japan is incurably militaristic and is insisting upon naval expansion.

These statements which were made to the Associated Press are also looked upon as paving the way for an international discussion of naval policies. Representative Japanese declare that if the naval race between Great Britain and the United States continues Japan must be obliged eventually to drop out because of financial considerations. If the other powers refuse to curtail their naval programs and decline to discuss the matter, the government is liable to lose the support of the nation which is clamoring for internal reforms.

BURNED TO DEATH
NEW YORK — One man was burned to death and a number of persons were injured early today when fire destroyed four three apartment dwellings in Brooklyn. Women and children, their exit blocked by the flames, were carried to safety by police.

CONGRESS IS ASSEMBLED AT HARDING'S CALL

First Session Under Republican Administration In Decade, Gets Under Way—Organization of Both Houses Is Effected

Lower Branch Flooded with Bills as Solons Convene—President to Deliver His Message to Lawmakers Tomorrow In Person

WASHINGTON — (By Associated Press) — The sixty-seventh congress assembled promptly at noon today at the call of President Harding for its first session, expected now to continue probably until fall.

Except for the reorganization of the house and the usual flood of bills there, today's meetings were somewhat perfunctory, the congress marking time until the receipt tomorrow of President Harding's first message outlining his views as to the many important problems before the national lawmakers.

This congress is the first controlled by the Republicans to meet under a Republican administration in a decade. The senate previously had been organized at its special session which began last March 4, but the house proceeded to its organization by re-elected Frederick H. Gillette, of Massachusetts, over Claude Kitchin, of North Carolina, the Democratic candidate. The vote was on strictly party lines and Mr. Gillette was elected by an overwhelming majority.

LEADERS CHOSEN
Frank W. Mondell, of Wyoming, was re-elected Republican leader, while Representative Kitchin became the Democratic leader by virtue of his nomination for the speakership. He succeeds the late Champ Clark.

nearly all of the 435 members were present for the opening. The crowded house galleries broke into applause when Miss Alice M. Robertson, Republican, of the second Oklahoma district, the only woman member of congress, came on the floor. She carried a bunch of red roses.

Miss Robertson was one of the more than 100 new members, most of the Republicans, who answered the first roll call. Most of them stood in groups behind Speaker Gillette when he took his place to be sworn in.

Fully a thousand bills and resolutions, many of which failed to get thru the last session, were thrown into the hopper long before the house got under way. There was no peace resolution in the lot, this being laid back to await the views of President Harding.

FEW PRODES SOUGHT
Right at the top of the list of bills was the Fordney emergency tariff vetoed by Mr. Wilson, but brought in under another name, precisely in its old form except with a stipulation making it effective six months instead of ten. It will be called on Wednesday under a Republican program providing for its passage, probably by Wednesday night.

Unlike the opening of the last congress there were few investigation resolutions. The Kahn resolution for investigation of the escape of Grover Cleveland Borgdell, the Philadelphia draft dodger, now in Germany, was in the hopper at noon.

Because of the large number of Republicans in both the house and senate, it was necessary to establish so-called "Cherokee strips" in each house between the Republican and Democratic sides, the overflow of Republican members being seated in these strips.

HARDING PREPARES MESSAGE
While congress was assembling today in special session President Harding denied himself to callers and worked on the message he will deliver tomorrow in person to a joint session of the senate and house.

Altho Monday usually is an open house day for those who have business with the chief executive, today's appointment list showed only one item. It was an engagement for the president to go to the Pan-American building late in the afternoon to attend the opening of a special direct telephone wire between Washington and Havana, Cuba.

For many years Mr. Harding has prepared his speeches and other documents in long hand and he is following this custom with his message, writing with a lead pencil and turning the finished product over to stenographers to copy after carefully revising it.

It was indicated that the message would not be complete until tonight or possibly tomorrow morning.

FRUIT IS DAMAGED
County Agent Says Allen-co Hit Hard by Frost

Peach cobbler, made with Allen-co peaches, will be a scarce article this year if all indications are correct. The heavy frost and freeze Sunday night killed practically all of the buds now out, it is believed.

L. S. Van Natta, county farm agent, stated Monday that while he had not made a personal investigation of the peach, plum, pear, and a large part of the cherry crop had been severely injured by the late frost.

The apple buds and a part of the cherry buds were not far enough advanced to be hit as hard as the rest was his belief.

"This is one of the latest and hardest freezes I can remember," said Van Natta. "A number of years ago we had one in June that hurt the corn and other crops a great deal but did not entirely destroy the crop."

"Wheat and rye were not far enough advanced in this county to be affected to any great extent by the frost last night."

OKLAHOMA WINS SUIT
WASHINGTON — Oklahoma, by a decision of the supreme court, today won its suit against Texas over the title to oil lands in the Red River Valley, with an estimated value of \$100,000,000 to \$150,000,000.

The United States government intervened in the case in behalf of the Indians, backing the position taken by Oklahoma and claiming land in the bed of the river as public domain. Its claim was sustained.

INJURIES FATAL TO M'CREARY
Limbs Mangled 11 Days ago, He Dies at Hospital

Herbert McCreary, 32, vocational instructor at South and Central High schools, died at the City hospital early Monday morning, after suffering for 11 days from an injury which necessitated the amputation of his right limb.

McCreary, while seeking students for the new school for the unemployed, at the Lima Locomotive works, climbed upon a cut of B. & O. cars. A switch engine moved the cars and threw McCreary under the train. Both legs were horribly mangled.

It was the consensus of surgeons that he would live and his recovery seemed possible. A change in his condition brought about death at 2:30 o'clock Monday morning.

McCreary was born April 1, 1889, in Preble-co, son of Mr. and Mrs. J. R. McCreary. He came to Lima in February and took up vocational training in the public schools. He is a graduate of Ohio State university and according to Superintendent J. E. Collins of the public schools was one of the brightest men who ever taught vocational subjects here.

He is survived by a widow and four children, who reside at 733 W. Wayne-st. The body will be taken Monday afternoon at 4:20 o'clock over the B. & O. to the home of his parents. Funeral services will be held Wednesday. Interment will be in Hopewell cemetery, near Oxford.
